Huntington interests acquired by O. P. Van Sweringen. V. 116, p. 175 V 115 p 2904.

In accordance with authority granted by the I.-S. C. Commission the company purchased as of April 28 1926 all of the outstanding common stock of the Pond Fork & Bald Knob RR. Co., and on May 6 1926 purchased all of the outstanding common stock of the Island Creek RR. Co. On Feb. 5 1927 the I.-S. C. Commission conditionally authorized the acquisition of the Chesapeake & Hocking Ry. Co. by lease. V, 124, p. 1215.

Merger Plan Rejected.—The proposed unification plan of this road with the New York Chicago & St. Louis RR., Pere Marquette, Erie and Hocking Valley railroads was rejected by the I.-S. C. Commission on March 2 1926. Compare V. 122, p. 1249.

For the revised terms of proposed unification plan see V. 124, p. 916. Hearings are now being held by the Commission. V. 125, p. 1703, 1455, 908 and 243.

George S. Kemp, Chairman of the stockholders' protective committee, in Aug. 1926 issued a statement to the preferred and common stockholders, in which it was claimed that "considering the enormous earning power and strong financial condition of the Chesapeake & Ohio, the committee feels that the new proposal of the Messrs. Van Sweringen is no improvement on the original proposition, and in the event of the modified plan being submitted to the I.-S. C. Commission, Munford, Hunton, Williams & Anderson will again represent the committee before that body." Compare V. 123, p. 707, 1757. The committee consists of George S. Kemp (Chairman), Lindsay Hopkins, Berkeley Williams, Granville G. Valentine and J. Luther Moon.

Description of New Securities.

The new company is to authorize the following securities:

First & Refunding Mortgage Bonds.—Total authorized at any one time outstanding, together with any bonds reserved under the 1st & ref. mtge. for refunding underlying securities, shall be limited to twice the aggregate par value of the stock of the new company of all classes at the time issued and outstanding (stock without par value which is to be issued in the reorganization to be taken at $100 per share) and any such stock issued hereafter to be taken at the price at which it is issued, or if issued for property at the value, as determined by the directors of the new company, of such property, as all shall be more fully provided in the 1st & ref. mtge. The 1st & ref. mtge. bonds will be secured by a mortgage and deed of trust to a trustee or trustees to be selected by the reorganization managers, which will embrace (with such exceptions as the reorganization managers may determine) all railroads and other property, including stocks and bonds of subsidiary companies (but not including obligations of the classes to remain undisturbed under the plan) acquired by the new company in the reorganization and all properties thereafter acquired by the use of 1st & ref. mtge. bonds or their proceeds.

The 1st & ref. mtge. will be a lien on the owned lines subject, as to various parts of the mileage, to an authorized amount of approximately $191,893,000 of undisturbed underlying bonds, and a lien upon the leasehold interest in Chicago, Terre Haute & Southeastern Ry. Co.'s lines (upon which there will remain an authorized amount of approximately $26,250,000 of obligations in respect of which the company has assumed liability under the lease) and upon the stock of Chicago Milwaukee & Gary Ry. Co. (upon the lines of which there is an authorized amount of approximately $20,000,000 of bonds, $3,000,000 whereof have been guaranteed by the company and are outstanding, and an additional $2,700,000 whereof are owned by the company). For the refunding of all of the underlying bonds, including those on the leased and controlled lines, 1st & ref. mtge. bonds will be reserved. The 1st & ref. mtge. will provide restrictions for the release from the lien thereof of property subject thereto.

The 1st & ref. mtge bonds may be issued in separate series, maturing on the same or different dates and bearing interest at the same or different rates payable on the same or different dates, and any series may be of such principal amount, mature on such date or dates, be redeemable in whole or in part at such times, on such notice and at such premiums, and may have such conversion privileges and other provisions as may be determined by the directors at the time of the creation of such series and be stated in the bonds of such series. New company will have the right upon the retirement of any series in whole or in part (other than upon conversion into stock or through any sinking fund or by the application of proceeds of released property) to issue, for such purposes and under such restrictions as may be prescribed in that behalf in the mortgage, a like aggregate principal amount of bonds of another series or of other series, bearing the same or different rates of interest as the bonds retired and with such maturity or maturities and with such other provisions as the directors may determine.

Provision may be made that, if so determined, the principal or interest, or both, or any of the 1st & ref. mtge. bonds of any series may be made payable (*a*) in New York City only, or (*b*) in N. Y. City and also in one or more other cities in the United States or foreign cities or countries, or (*c*) only in one or more foreign cities or countries. The bonds of any series which shall be payable as to principal or interest, or both, in the U. S. of America, shall be payable in gold coin of the U. S. of America of or equal to the standard of weight and fineness existing at the date of the coupon bonds of such series and may be made payable without deduction for any tax, assessment or governmental charge which the new company or the trustee or trustees under the 1st & ref. mtge. may be required or permitted to pay thereon or to retain or deduct therefrom under any present or future law of the United States or of any State, county or municipality or other taxing authority therein.

In case any bonds of any series shall be payable as to principal or interest, or both, in any foreign country or countries such bonds may be made payable in the currency of the respective currencies there current, at fixed rates of exchange, and may contain appropriate provisions as may be requisite or expedient to conform to the requirements of law or of commercial usage in the foreign country or countries in which they may be made payable, including provisions requiring the payment of the principal or interest thereof without deduction for taxes, foreign or domestic.

The 1st & ref. mtge. bonds shall be issuable, under restrictions and conditions to be determined by the reorganization managers and expressed in the 1st & ref. mtge., only for the purpose of providing for betterments, improvements and extensions, and for the acquisition of additional property and equipment, and for the purchase, redemption, retirement, refunding or payment of bonds and other obligations secured by liens, prior to the lien of the 1st & ref. mtge., upon any of the property which, or a leasehold interest in which, may at the time be subject to the 1st & ref. mtge., and for such other corporate purposes as shall be stated in the mortgage. A sinking fund, to be determined by the reorganization managers, shall be provided for any bonds issued in respect of equipment. After the principal amount of bonds issued for capital expenditures other than refunding presently outstanding undisturbed obligations shall have aggregated $150,000,000, bonds may be issued only for 80% of such expenditures.

No 1st & ref. mtge. bonds are to be issued in the reorganization.

50-Year 5% Mortgage Gold Bonds.—Will be limited to a total authorized principal amount of not exceeding $60,698,820 at any one time outstanding, will mature in 1975, will bear interest payable semi-annually at the rate of 5% per annum, and will be secured by a mortgage and deed of trust to a trustee or trustees to be selected by the reorganization managers, which is to embrace the properties embraced in the 1st & ref. mtge. and from time to time becoming subject thereto, subject, however, to the 1st & ref. mtge. and to the prior payment out of the mortgaged property of all bonds at any time issued and outstanding under the 1st & ref. mtge. The bonds will be redeemable on any int. date at par and int. and a premium, to and including 5 years from the date of maturity, of 5% of the principal amount, and, thereafter, at a premium equal to ½ of 1% for each 6 months from the date of redemption to the date of maturity. The mortgage securing the bonds will provide restrictions for the release from the lien thereof of property subject thereto.

The form of the 50-year 5% mtge. gold bonds and of the mortgage securing them shall be subject to the approval of the pref. stockholders' committee and the common stockholders' committee. The modified plan provides for the creation of a cumulative sinking fund of $225,000 a year after April 1 1936 for the retirement of 50-year 5% mtge. gold bonds.

5% Adjustment Mortgage Bonds.—Limited to the total authorized principa amount at any one time outstanding of not exceeding $230,950,800 plus any amount thereof which may be issued in connection with the liquidation of the 6% note of the railway co., dated Nov. 1 1920, held by the U. S. Govt., and will mature Jan. 1 2000. Secured by a mtge. and deed of trust to a trustee or trustees to be selected by the reorganization managers, which is to embrace the properties embraced in the 1st & reg. mtge. and from time to time becoming subject thereto, subject, however, to the 1st & Ref. Mtge. and to the mtge. securing the 50-year 5% mtge. gold bonds and to the prior payment out of the mortgaged property of all bonds at any time issued and outstanding under said mortgages. The adjustment mtge. will provide restrictions for the release from the lien thereof of property subject thereto.

The adjustment mtge. bonds will bear interest, payable annually or semi-annually, at the rate of 5% p. a., but required to be paid, prior to the maturity of the principal only out of the new company's net income ascertained in accordance with the accounting rules of the I.-S. C. Commission, or other analogous Federal authority, from time to time in force, but without deduction for int. on the adjustment mtge. bonds or for the sinking fund under the adjustment mtge. The net income of the new company thus to be applicable to the payment of int. on the adjustment mtge. bonds is herein called the available net income. The int. on the adjustment mtge. bonds will be non-cumulative prior to Jan. 1 1930, but will be cumulative from and after Jan. 1 1930, but accumulations of int. shall not bear int. At the maturity of the principal, all arrears of cumulative int. shall be payable. Int. on the adjustment mtge. bonds issued in exchange for bonds deposited under the plan shall be computed from Feb. 1 1925 to which date int. on the deposited bonds is to be adjusted. Int. on any adjustment mtge. bonds which may be issued in connection with the liquidation of the 6% note of the railway co. dated Nov. 1 1920 held by the U. S. Govt. shall be computed or adjusted from the date to which int. is paid on said note.

The adjustment mtge. will provide that the new company shall on or before April 1 1936 and on or before April 1 in each year thereafter, so long as any of the adjustment mtge. bonds shall be outstanding, pay or set apart as a sinking fund, as hereinafter provided out of the available net income of the new company remaining after payment of full cumulative int. on the adjustment mtge. bonds, an amount equal to ½ of 1% of the authorized principal amount of the adjustment mtge. bonds; and such obligation shall be cumulative. The sinking fund shall be applied to the purchase either at public or private sale at not exceeding their principal amount together with full cumulative int., or to the redemption of adjustment mtge. bonds, all bonds purchased or redeemed for the sinking fund to be kept alive and the int. paid thereon from time to time to be added to the sinking fund and applied in the same manner. [If the sinking fund installments and all int. on the bonds in the sinking fund are regularly paid without accumulation, the entire issue will be retired by 1986.] Adjustment mtge. bonds will be redeemable for the sinking fund only on any int. payment date on or after April 1 1936 at the principal amount of the bonds redeemed together with full cumulative int.

The adjustment mtge. will provide that until Jan. 1 1930, the date after which int. on the adjustment mtge. bonds will become cumulative, no divs. on any class of stock at the time outstanding shall be paid in any year, or set apart for payment in any year, unless int. on the adjustment mtge. bonds for such year at the full rate of 5% per annum shall have been paid or set apart for payment, and that no divs. on any class of stock at the time outstanding shall be paid in any year, or set apart for payment in any year, after Jan. 1 1930, unless the full cumulative int. on the adjustment mtge. bonds shall have been paid or set apart for payment, and after April 1 1936 unless, in addition to said int., the full cumulative sinking fund payments under the adjustment mtge. shall have been paid or set apart.

The adjustment mtge. will further provide that all of the available net income of the new company for each year beginning Jan. 1 may be applied, and that two-thirds of the available net income of each year until the available net income of such year shall equal $7,500,000, and all of the available net income of each year in excess of $7,500,000 shall be required to be applied, so far as necessary therefor, to the payment of int. on the adjust. mtge. bonds and thereafter, beginning April 1 1936 to the sinking fund under the adjust. mtge., including all accumulations of both int. and sinking fund during the cumulative period. Int. on the adjustment mtge bonds will, however, be required to be paid only in multiples of a ¼ of 1%, smaller fractional amounts being carried forward and added to that portion of the available net income of the new company for the ensuing year required to be applied to the payment of int. and sinking fund on the adjustment bmtge. bonds. Any remaining available net income of the new company of any year until Jan. 1 1930, for which int. on the adjustment mtge. bonds at the full rate of 5% per annum shall not have been paid or set apart for payment, and any remaining available net income of the new company of every year thereafter for which full cumulative int. and full cumulative sinking fund payments shall not have been paid or set apart for payment, will be required to be carried into a separate account available only for expenditures chargeable to capital account under the accounting rules of the I.-S. C. Commission or other analogous Federal authority, from time to time in force, or for providing for discounts on securities sold, or, as to that part of the special account arising from available net income accruing after Jan. 1 1930, for installments of cumulative int. on the adjustment mtge. bonds, or, when full cumulative int. on the adjustment mtge. bonds to date shall have been paid, for the sinking fund.

For the purpose of determining the available net income for any period from and after Feb. 1 1925 before the mortgaged lines of railroad embraced in the plan shall have been delivered to the new co., the gross income of the railway co. or of the receivers of the system for such period shall be deemed gross income of the new co. for such period and shall be subject only to such deductions, including proper depreciation charges, as would have been made if the mortgaged lines of railroad had been owned and operated by the new co. during such period and the bonds secured under the ref. mtge. and the Puget Sound bonds had been exchanged under the terms of the plan on Feb. 1 1925 for new adjustment mtge. bonds. For the period Feb. 1 1925 to Dec. 31 1925, however, eleven-twelfths of the gross income for the year 1925 shall be taken.

The adjustment mtge. bonds will be redeemable otherwise than for the sinking fund, at the option of the new co., in whole or in part, on any int. payment date on or after Oct. 1 1930 at 105 together with full cumul. int.

The form of the adjustment mtge. bonds and of the adjustment mtge. shall be subject to the approval of the bondholders' committee.

The entire authorized issue of adjustment mtge. bonds (except such amount as may be issued in connection with the liquidation of the 6% note of the railway co. dated Nov. 1 1920, held by the U. S. Government) is to be applied in exchange for bonds $230,950,796 deposited under the plan.

Preferred Stock.—Authorized 2,000,000 shares, par $100 each. Holders of the pref. stock shall be entitled in any fiscal year of the new co. to receive divs. to the amount of $5 per share, but no more, before any divs. shall be paid in such fiscal year, or declared or set apart for payment in such fiscal year, upon the common stock; but no part of such divs. shall be accumulative whether or not in any fiscal year there shall be net income available for payment of such divs. After full divs. on the pref. stock to the amount of $5 per share shall have been paid in any fiscal year, or declared and set apart for payment in such fiscal year, holders of the common stock shall be entitled to receive all further divs. which may be paid in such fiscal year, or declared or set apart for payment in such fiscal year, up to the amount of $5, but no more, before any further divs. shall be paid in such fiscal year, or declared or set apart for payment in such fiscal year, upon the pref. stock but no part of such divs. shall be cumulative whether or not in any fiscal year there shall be net income available for payment of such divs. All divs. in excess of $5 per share which may be paid in any fiscal year, or declared or set apart for payment in any fiscal year, shall be paid or declared or set apart for payment equally in amount per share upon both the pref. stock and the common stock. Divs. on both the pref. stock and the common stock shall be payable only out of the net income or the surplus of the new company as determined by the directors and only as and when declared by the directors, but may in any fiscal year be paid out of such net income or surplus whether arising during the same fiscal year or accrued during the prior fiscal years and may be paid annually, semi-annually or quarterly.

In the event of the dissolution, winding up or liquidation of the new company, the holders of the pref. stock shall be entitled to receive out of the assets of the new company the par value of their shares before any distribution shall be made to the holders of the common stock, but shall not be entitled to share in any assets of the new company thereupon remaining.

The pref. stock and the common stock are to have equal voting power per share.

Of the authorized issue of new preferred stock $115,931,900 is to be offered to holders of pref. stock of the company deposited under the plan. The remainder of the authorized issue (except such amount as may be issued

in connection with the liquidation of the 6% note of the railway company dated Nov. 1 1920, held by the U. S. Government and as may be required to be applied in settlement of claims of general creditors of the company) will be reserved for future issue for corporate purposes of the new company.

Common Stock.—Authorized, 1,174,113 shares, which shall be without par value, or may have such par value as the reorganization managers shall determine.

The entire authorized issue of new common stock is to be offered to holders of common stock deposited under the plan.

Voting Trust.—All of the pref. stock and com. stock issued in connection with the reorganization shall be deposited under a trust agreement, in such form and with such terms (which may include the pledge of the stock as additional security for the adjustment mtge. bonds) as the reorganization managers shall determine, and under which the entire voting power in respect of the stock shall be vested in 5 voting trustees, to be designated by the reorganization managers. Of the voting trustees named in the trust agreement, three shall be persons approved by the bondholders committee, one by the preferred stockholders committee and one by the common stockholders committee.

The reorganization managers have announced that the five trustees whom the voting power of the new stock is to be vested until Jan. 1 1930, that is, for the period during which the int. upon the new adjust. mtge. bonds is not cumulative, are Elihu Root, Frederick H. Ecker, Henry S. Pritchett, Samuel Rea and W. D. Van Dyke.

Co., Rock Isl. Memphis Term. Ry. Co., St. Paul & Kansas City Short Line RR. Co., Rock Isl. Stuttgart & Southern Ry. Co., Rock Isl. & Dardanelle Ry. Co. and Morris Terminal Ry. Co. The company also leases Peoria & Bureau Valley RR. Co. and White & Black River Ry. Co.

The company in 1924 acquired a minority interest in the stock of the St. Louis Southwestern Ry. Co., but, while the ownership of this interest was still under consideration by the I.-S. C. Commission, disposed of its holdings to the Kansas City Southern Ry. Co. at a net profit of approximately $2,467,000.

It was announced in Jan. 1926 that the St. Louis-San Francisco Ry. had purchased a substantial amount of the company's stock. V. 122, p. 477; V. 121, p. 1904.

ORGANIZATION.—The company at midnight on June 24 1917 resumed possession of its property, having been successfully reorganized, without foreclosure. The sale of $29,422,160 7% pref. stock to a syndicate and $5,000,000 6% pref. to former directors provided for old floating obligations and reorganization expenses, while the $20,000,000 debentures of 1912 were replaced by $20,000,000 6% pref. stock. V. 104, p. 2641, 2552, 2451, 2342; V. 106, p. 2025. Plan of reorganization was in V. 103, p. 1887, 1980, 2155; V. 104, p. 451.

In Jan. 1919 the company concluded a settlement of its litigation with the Colorado & Southern Ry. Co. respecting the Trinity & Brazos Valley Ry., extending from Fort Worth and Dallas to Houston and Galveston, whereby the Colorado & Southern accepted in cash 60% of the amount due on the contract, which, under the final decree in the Rock Island receivership, would be payable in full in 6% preferred stock at par, such as was paid to all other general creditors of the Rock Island. This involved the payment of some $4,000,000 and the Rock Island now owns outright a half interest in the Trinity & Brazos Valley Ry. and will have a permanent outlet to the Gulf ports. V. 108, p. 378; V. 109, p. 672.

Settlement with "Clover Leaf" regarding Chicago & Alton stock. V. 113, p. 2078.

The Keokuk & Des Moines Ry., which formerly had been operated under lease, was acquired outright during 1924 for $2,641,000 1st & ref. mtge. 4% bonds. Compare V. 119, p. 324, 455, 2407, 2526.

HISTORY, &c.—A consolidation of the Cincinnati Indianapolis St. Louis & Chicago Railway Co., the Cleveland Columbus Cincinnati & Indianapolis Railway Co. and the Indianapolis & St. Louis Railway Co., made in July 1889, per plan in V. 48, p. 427. The N. Y. Central RR. Co. on Dec. 31 1926 owned $8,468,100 pref. and $42,941,100 common stock.

The company has acquired the entire common stock of the Evansville Ind. & Terre Haute RR. It is proposed to operate the property as the Evansville Division of the company.—V. 112, p. 932, 1399, 1977.

The directors on Dec. 14 1921 authorized the making of an offer to purchase the stock and the 4% income bonds of the Peoria & Eastern Ry. on the basis of one $1,000 4½% first mtge. bonds of the Evansville Mt. Carmel & Northern Ry., due 1960 (guaranteed by the C. C. C. & St. L. Ry.), for 60 shares of Peoria & Eastern stock, and one $1,000 4½% (guaranteed) first mtge. bond of the Evansville Mt. Carmel & Northern Ry. for three $1,000 4% Peoria & Eastern income bonds.

The directors of the N. Y. Central RR. in Dec. 1921 authorized the making of an offer to purchase the stock of this company, for details of which see New York Central RR. below and V. 114, p. 1286; V. 115, p. 435, 1428.

The stockholders were to vote Sept. 27 1926 on leasing the road to the N. Y. Central, but owing to a temporary restraining order obtained by minority stockholders, action on the lease was postponed. Compare N. Y. Central RR. Co. below and V. 123, p. 707, 978, 1111, 1629, 1994.

Tentative Valuation.—The I.-S. C. Commission has placed a tentative valuation of $95,217,200 on the owned and $231,044,442 on the used property of the company as of June 30 1918.

HISTORY, &c.—Chartered in 1832, present title assumed in 1853.

In June 1909 the D. L. & W. Coal Co. was incorporated with $6,800,000 authorized stock, to act as selling agent for the company's coal in Pennsylvania, the railroad stockholders being permitted to subscribe for its stock **See extra dividend below, also that company's caption under Miscel. Cos.**

United States Supreme Court on June 21 1915 in the suit brought by the Government held that the company, under the contract of Aug. 2 1909, violated the commodities clause of the Hepburn Act and the Sherman anti-trust law (V. 100, p. 2114; V. 101, p. 17), in its relations with the D. L. & W. Coal Co. A new contract was arranged. V. 101, p. 47.

The company on Sept. 17 1920 submitted to the I.-S. C. Commission plan for the segregation of its coal properties and the operation of its mines owned, as distinct enterprises from its railroad properties. The Comission, in April 1921 authorized the company to issue $45,000,000 common stock to be distributed as a stock dividend. The stockholders on July 21 1921 authorized an increase of $45,000,000 in the capital stock and also approved the sale of the road's anthracite coal properties to the Glen Alden Coal Co. for $60,000,000 Compare V 112 p 2190

Lackawanna Securities Co.—On March 29 1927 the Lackawanna Securities Co. was formed (V. 125, p. 1188, 777) to hold following securities which railroad was no longer allowed to hold in its treasury. (In original plan securities which constituted the assets of the Lackawanna Securities Co., included $9,871,000 Morris & Essex 3½% bonds, $10,000,000 Morris & Essex 5% bonds and $13,635,000 N. Y. Lackawanna & Western 5% bonds, but on July 21 1927 the I.-S. C. Commission ruled that the D. L. & W. RR. could not include these securities. V. 125, p. 600.) (figures are par values):

1st mtge. Glen Alden Coal Co. 4% bds. (due $1,500,000 each Sept. 1)---$57,000,000

The stock, consisting of 844,411 no par value shares, was distributed to stockholders of the Del. Lack. & West. RR. on Sept. 6 1927, on basis of one share of new stock for two shares of the railroad company's stock. The distribution of the shares of the Lackawanna Securities Co. will end the segregation of the Lackawanna's coal properties, which originated in 1915 with a decision by the U. S. Supreme Court that the Lackawanna's relationship with the Delaware Lackawanna & Western Coal Co. was in violation of the commodity clause of the Hepburn Act (see above), and that the contract between the two constituted a monopoly. The Delaware Lackawanna & Western Coal Co. was organized in 1909, after the Supreme Court had ruled that railroads could not transport lawfully in inter-State commerce coal which they themselves owned.—V. 125, p. 2274.

HISTORY.—Incorp. in Dela. Nov. 15 1920 as successor to the Denver & Rio Grande RR.

On July 21 1922 a receiver was appointed for t Denver and Rio Grande Western RR. System by the U. S. District Court for Colorado in suits to foreclose the 1st & ref. mtge. and the adjustment mtge. of the Denver and Rio Grande RR. Co. (the old Denver company), and there were transferred to the receiver at the same time cash and cash items and certain properties of the Denver and Rio Grande Western RR. Co. concerning which disputes existed as to whether or not they were subject to the lien of said mortgages.

On Sept. 18 1924 final decree was entered by the court and on Oct. 29 1924 the properties constituting the Denver and Rio Grande Western RR. System were sold at public auction and were purchased by representatives of the reorganization managers under the reorganization plan. The purchasers afterwards assigned all their rights to the railroad company. Said sale was confirmed by the court on Nov. 20 1924 and at 12:01 a. m. on Dec. 20 1924 the railroad company resumed possession and operation of the property.

BONDS.—*Refunding & Impt. Bonds may be issued in separate series, maturing on same or different dates and bearing same or different rates of int. and other provisions determined by directors at time of issuance.

The I.-S. C. Commission on Nov. 1 1924 authorized the company to issue $3,000,000 ref. & impt. mtge. 6% bonds, series "A"; said bonds to be sold at not less than par and interest. The bonds will be designated series "A," will be dated Oct. 1 1924, will bear int. at rate of 6% per annum will be redeemable, in whole or in part, on or after Oct. 1 1934 at 107½ and int., and will mature Oct. 1 1974.

Gen. Mtge. Bonds.—Limited to the total authorized amount of not exceeding $30,000,000, maturing Aug. 1 1955 and bearing 5% int., payable semi-ann. from Feb. 1 1924. The general mortgage will contain further provisions to the effect that (*a*) general mortgage bonds shall be redeemable, all or part, at any time at 105 and interest; (*b*) new company shall pay, on or before May 1 in each year, so long as any of the general mortgage bonds shall be outstanding, an amount equal to 1% of the maximum amount of general mtge. bonds at any one time issued and outstanding, such payments to be required to be made only out of net income for the last preceding calendar year (but to be cumulative) as a sinking fund, to be applied to the purchase at not exceeding redemption price, of gen. mtge. bonds, all bonds purchased or called for the sinking fund to be kept alive and the interest paid thereon from time to time to be added to sinking fund and applied in same manner.

The reorganization plan as modified provided that "Until Feb. 1 1929 the gen. mtge. bonds shall be income bonds, cumulative from Feb. 1 1924, to the full extent of 5% per ann.; the payment of the int. accruing on the gen. mtge. bonds for the period from Feb. 1 1924, until Feb. 1 1929, shall not be mandatory even if the same shall have been earned by the new company; but if earned and available, whether prior to Feb. 1 1929, or thereafter, the int. on the bonds accruing during such 5-year period (including accumulations, if any), shall be paid to the extent that in the reasonable discretion of the directors of the new company such payment is not inconsistent with due regard for the protection of the property of the new company and the maintenance of efficient service thereon. EST RR. CO. OF FRANCE (COMPAGNIE DES CHEMINS DE FER DE L'EST).—The company operates 3,124 miles of track. It serves an industrial region characterized by the numerous metallurgical concerns in the neighborhood of Nancy and the mines of the Briey Basin.

The first of its three most important lines connects Paris with the region of the Ardennes, with Belgium and with Luxembourg, by way of Rheims and Charleville; the second connects it with Alsace and with Lorraine by way of Chalons-sur-Marne, Bar-le-Duc and Nancy; the third connects it with Switzerland and by way of Troyes, Vesuol, Belfort and Basle. The geographical situation of its system assures it, therefore, a large freight traffic, because, on the one hand, it serves one of the most important industrial regions of France, and, on the other hand, it provides the avenue for the exchange of commodities with the countries of Central Europe.

CAPITAL STOCK AND BONDS.—The company's balance sheet dated Dec. 31 1925 (compare V. 122, p. 2489) showed shares and debentures issued amounting to Frs. 4,635,615,732. Dividends have been paid on the common stock without interruption since 1846.

In January 1925 Dillon, Read & Co., Marshall Field, Glore, Ward & Co., White, Weld & Co., Cassatt & Co., New York, and Union Trust Co., Cleveland, sold at 87½ and int., $20,000,000 7% ext. sk. fd. gold bonds ($19,793,000 outstanding). Dated Nov. 1 1924, due Nov. 1 1954. Int. payable M. & N. Denom. $1,000 and $500 c*. Principal and interest payable in U. S. gold coin of the present standard of weight and fineness at the office of Dillon, Read & Co., New York, without deduction for any French taxes present or future. A sinking fund is provided, beginning May 1 1925, which is calculated to retire the entire issue by maturity, by purchase in the market at or below 100% and interest, or if not so obtainable, by call by lot at 100% and interest. Redeemable as a whole at 105 and int. on Nov. 1 1929 or any interest date thereafter.

GUARANTY OF FRENCH STATE.—The convention between the French Government and the principal French railway companies signed on June 28 1921 and approved by the Law of Oct. 29 1921, secured to the Est RR. (with the other principal railway companies) the payment of its working expenses and the interest on and amortization of its loans of every kind, and dividends on and amortization of its capital stock. In the event of receipts proving insufficient to meet these charges the deficit has to be borne by a "common fund" formed for the benefit of all the large systems. Into this fund excess receipts of all the systems are paid and tariffs have to be adjusted to meet the requirements of the fund, but if this adjustment of tariffs should not produce sufficient income for the purpose, the deficiency has to be made good by the French Treasury. Further, at the expiration of the concession, the payment of interest on and amortization of any bonds which may be outstanding will be borne by the State. These guarantees are identical to those under which all other issues of the principal French railway companies have been made pursuant to the above law.

PROVISIONS OF ISSUE.—This issue of bonds will be the direct obligation of the company, rank pari passu with all other issues of the company now outstanding, and the company agrees that it will not place any mortgage, lien or other charge on any of its properties or revenues or on any of the rights accruing to the company under the convention dated June 28 1921 and the law of Oct. 29 1921 confirming the said convention, without causing the above issue to share ratably in the security created by such mortgage, lien or charge.

The company covenants that it will not while any of the bonds of this loan are outstanding, be instrumental in, or give its consent to, any change in the convention with the Government of the French Republic approved by the law dated Oct. 29 1921, which would curtail any security, guaranty, benefit or advantage accruing to the Est RR. in respect of the bonds of this loan, or through it to the holders of the bonds of this loan under said convention or said law of Oct. 29 1921.

The company has obtained assurance from the Government of the French Republic that, while any of the bonds of this issue are outstanding, no obstacle will be placed in the way of the railroad company to fulfil its obligations in respect thereof.

FORT SMITH & WESTERN RY.—Operates Fort Smith, Ark., to Guthrie, Okla., 216 miles, of which Coal Creek, Okla., to Guthrie, 196 m., is owned and Ft. Smith to Coal Creek, 20 m., is Kansas City Southern trackage. In Oct. 1915 contracted for use of M. K. & T. tracks, Fallis to Oklahoma City, 30 miles. V. 101, p. 1553.

The I.-S. C. Commission has placed a tentative valuation of $4,908,300 on the total owned and $4,914,060 on the total used properties of the company, as of June 30 1919.

On Oct. 9 1915 Gen. Mgr. Arthur L. Mills was made receiver, but retired on April 15 1921, being succeeded by Chas. T. O'Neal, of Washington, D. C. V. 101, p. 1272. Sold in Jan. 1923 to A. C. Dustin of Cleveland, representing the bondholders, for $50,000, plus $800,000 of receivership indebtedness.

The property of the old Ft. Smith & Western *Railroad* on Feb. 1 1923 was acquired by Fort Smith & Western *Railway*, a Delaware corporation organized in the interests of the bondholders of the old Railroad Co. In exchange for the bonds of the old Railroad Co. (substantially all of which were in the possession of a bondholders' protective committee), such protective committee received all the securities issued by the new Railway Co., to wit:

$1,500,000 20-year 1st mtge. 6% bonds;
3,744,000 20-year 2d mtge. 5% bonds (income bonds for first 10 years);
62,400 shares no par common stock.

The new Railway Co., in addition to the railroad itself and the equipment, receive current assets and inventory amounting to $545,000 and assumed current and other liabilities of the receiver amounting to approximately $800,000. These liabilities are prior in lien to the above-mentioned bonds. Feb. 1 1925, all receiver's debts, excepting Govt loan of $156,000 due Dec. 1925, had been paid.

Pres. Alton C. Dustin in Feb. 1923 stated that the bondholders' committee (the protective committee of the old bondholders) will continue to function for at least another year in order to pay its debts and the receiver's debts before it will be in a position to make any distribution to the old mortgage bondholders, and that it was impossible at the time to give any estimate as to what the old bondholders will receive.

GERMAN RAILWAYS CO. (DEUTSCHE REICHSBAHN).—Jerome B. Sullivan & Co., New York, in June 1926 offered in conjunction with foreign banking interests at 95½ flat, gold mark 150,000,000 preferred stock, series IV.

Denom. 200, 500, 1,000, 10,000 reichsmark. German Reichsbank trustees certificates for 7% cumulative participating preferred stock. Dividend guaranteed by the German Government. Dividends payable annually, first quarter of the year. 1 gold mark equal 1-2790 kilo fine gold.

Property.—The German Federal Ry. system comprises 33,000 miles of track and employs more than 700,000 men. The Dawes Commission worked out a plan to reorganize the different railroads of Germany into one economical unit, to operate as a private enterprise. This began its existence Oct 11. 1924 as a public law corporation under Government supervision.

Capitalization.—The authorized capitalization is as follows:

Reparations bonds (held in trust for the Allies)	Rm.11,000,000,000
Preferred stock (Rm. 731,000,000 Series I, II & III held by the Govt.; balance unissued by railroad, 1,269,000,000)	Rm. 2,000,000,000
Common stock (held by the Government)	Rm.13,000,000,000
Total	Rm.26,000,000,000

Security.—The Rm.881,000,000 preferred stock outstanding is followed by Rm.13 billion common stock, all of which is owned by the German Government. The prior obligations consist of Rm.11 billion 5% bonds, which are held in trust for the Allied Governments, and an obligation imposed by the Dawes Commission to set aside annually, out of the gross income, a reserve of 2% until this fund shall total 500 million reichmark.s

The preferred stock is, therefore, at present a third lien, and it is estimated that it will advance to the place of a second lien by 1931, when the reserve of 500 million marks has been created. In addition to this lien the German Government has unconditionally guaranteed the 7% dividend on this stock, and the shares have been made redeemable in gold, to protect the holders against a possible depreciation in German currency.

Extra Dividends.—If a dividend is declared out of surplus earnings on the common stock, the preferred stock shall be entitled to an extra dividend, equivalent to one-third of such surplus earnings, before any payment is made upon the common stock.

Dividends are subject to 10% German income tax, but the company agrees to bear any further increase in tax levies over and above 10%.

Redemption.—Under the Railway Act the preferred shares must all be redeemed by the time of expiration of the company's right to operate the Government Railways, Dec. 31 1964. Provision has therefore been made to retire the shares by lot. The redemption schedule is as follows: Non-redeemable until 1942; before Oct. 11 1949, 120; before Oct. 11 1959, 110; thereafter, 100.

Management.—The management of the German Federal Railway Co. is vested in the Administrative Council and the Board, the former consisting of 18 members, one-half of whom are appointed by the German Government, while the others are nominated by the Allied Trustee for the Railway Reparation bonds. At least four of the latter must be foreigners.

The Board, composed entirely of Germans, includes the Managing Director, and, under the jurisdiction of the Administration Council, performs the official functions of operation.—(V. 123, p. 3335.)

The Great Northern has purchased several bus lines, and has consolidated them into the Northland Transportation Co., which owns a fleet of 125 buses. In 1925 a law enacted in Minnesota gave the State Railroad and Warehouse Commission authority over the use of highways by commercial vehicles, and makes it practicable for the first time in this State, to provide a complete transportation system correlating the use of the railways with that of the highways. V. 120, p. 2811.

Unification Plan of Northern Pacific Ry. and Great Northern Ry. (V. 124, p. 1062). The plan for unification of the Northern companies was announced Feb. 14 1927 by a committee composed of George F. Baker, Chairman; Arthur Curtiss James, Deputy Chairman; J. P. Morgan, Louis W. Hill and Howard Elliott.

A railroad corporation now existing or to be organized (called the new company) will lease the properties of the Spokane Portland & Seattle Ry. and thereafter will exchange its new stock, share for share, for the stock of the Northern companies. As soon as feasible, the new company, or a company directly or indirectly controlled by the new company, will also acquire by lease the railroads and properties of each of the Northern companies. The terms of each lease, as to the properties to be leased, rental to be paid, and all other provisions thereof shall be as agreed upon by the companies, parties thereto, subject to the approval of the I.-S. C. Commission, and the committee shall have full discretion to adopt as a factor in the plan, or in any modified or substitute plan, any such lease the terms of which shall have been so approved.

The committee shall have power to provide that the new company shall, subject to the approval of the I.-S. C. Commission, acquire control by purchase, lease or otherwise, of any additional railroads, bus lines or other transportation facilities and properties which it may deem beneficial to or in furtherance of the plan, or of any modified or substitute plan, and to issue the obligations or stock of the new company therefor.

The issue of the new stock and the leases contemplated by the plan will be subject to the approval of the I.-S. C. Commission and to compliance with such legal requirements as counsel to the committee may advise. The necessary application or applications to the Commission have been made and are now pending.

On Dec. 31 1920 Gt. Nor. and Nor. Pac. owned $107,613,500 of the $110,839 100 Chicago Burl. & Quincy RR. stock, exchanged for their joint 20-year 4% gold bonds (secured by deposit of the stock in trust), on basis of $200 in bonds for each $100 stock. See circular, V. 72, p. 871, 1034, 1135, and application to List, V. 73, p. 294, 903; V. 85, p. 600. Through the declaration of a stock dividend by the C. B & Q. of 54.132% ($60,000,000) to stockholders of record Mar. 31 1921, these holdings were increased to $165,867,400 out of a total of $170,839,100.

In April 1921 a syndicate headed by J. P. Morgan & Co. and First Nat Bank, New York, offered an issue of $230,000,000 Northern Pacific-Great Northern joint 15-year 6½% convertible gold bonds (C. B. & Q. collateral) due July 1 1936, at 96½ and int. The C. B. & Q. collateral joint 4% bonds due July 1 1921, with final coupon attached, were accepted in payment at 100 and int. to date of payment on allotments.

Bonds are to be the joint obligations of the Northern Pacific Ry. and of the Great Northern Ry., and are secured by pledge of the following collateral conservatively valued at an amount in excess of 120% of the principal amount of this issue:

1,658,674 shares of the capital stock of the Chic. Burl. & Quincy RR.
$33,000,000 North. Pacific Ry. Ref. & Impt. M. 6% bds., ser. B, due 2047
$33,000,000 Great Northern Ry. Gen. M. 7% bds., ser. A, due 1936.

The bonds are redeemable as a whole or in amounts of not less than $5,000,000 at 103½ and int.

In the indenture securing the bonds the Northern Pacific and Great Northern Ry. cos. have covenanted that, in the event of any mortgage being placed on the properties junior, respectively, to the Northern Pacific Ref. & Imp. M. and to the Great Northern Gen. M., such new mortgages will secure the Joint 6½% bonds outstanding by a lien pari passu with that securing such new bonds.

The indenture also provides that if the amount of that issue is reduced through conversion or retirement the bonds and stock deposited as collateral may be withdrawn proportionately by the respective companies.

The bonds are convertible into Northern Pacific Ref. & Imp. M. 6% bonds, Series B, due 2047, or into Great Northern Gen. M. 7% bonds Series A, due 1936, part of which issues are deposited as collateral and of which an additional amount is reserved, sufficient to provide for the conversion of the Joint 6½% bonds.

The conversion may be exercised by the holder of Joint 6½% bonds with a view to obtaining a like principal amount of bonds, either all in the Ref. & Imp. M. 6% bonds, Series B, of the Northern Pacific, due 2047; all in the Gen. M. 7% bonds, Series A, of the Great Northern, due 1936, or in bonds of both issues in any ratio between the two which the holder may desire, but not more than $115,000,000 of either of such bonds will be issued in conversion.

As Joint 6½% bonds are presented for conversion, the trustee will withdraw from the deposited collateral a proportionate amount of C. B. & Q. stock and will deposit such stock with the trustee of the Northern Pacific Ref. & Imp. M., or the trustee of the Great Northern Gen. M., as required by the demand for conversion, and will deliver such Northern Pacific or Great Northern bonds, as the case may be, in exchange for the Joint 6½% bonds presented for conversion. At the time of conversion an adjustment of accrued interest will be made between the Joint 6½% bonds presented for conversion and the mortgage bonds issued in exchange. Compare V. 112, p. 1866.

The G. N. Ry. Co.'s portion, $115,000,000, has been converted into a like amount of gen. mtge. 7% bonds and proportionate amount of Burlington stock has been released from lien of the joint indenture and pledged under the gen. mtge. The remaining outstanding joint convert. bonds (the Northern Pacific's portion not converted) were called for redemption July 27 1922 at 103½ and int. V. 114, p. 2240.

The Gen. Mtge. bonds are secured by a mortgage covering the entire railroad property of the Great Northern Ry. in the U. S., subject to existing debt, and, in addition, by pledge of $36,332,000 Ref. M. bonds secured by the same mortgage under which the $35,668,000 Great Northern Ref. M. 4¼% bonds, due 1961, now outstanding in the hands of the public, were issued in 1911 and subsequently. They will be additionally secured by such shares of stock of the C. B. & Q. RR. as are released by the trustee of the joint indenture as a result of the conversion of the Joint 6½% bonds into the Great Northern Gen. M. 7% bonds. Bonds are not subject to redemption before maturity.

As to offering of $30,000,000 gen. mtge. 5½% Series B gold bonds, due Jan. 1 1952, compare V. 114, p. 626; for offering of $15,000,000 Series "C" 5% gold bonds, due Jan. 1 1973, compare V. 118, p. 2572. The series E bonds were offered in Oct. 1927 by J. P. Morgan & Co., First National Bank and the National City Co. V. 125, p. 2384.

Eastern Ry. of Minnesota.—Nor. Div. mtge. of 1898 limited to $9,700,000 are red. at 105 after April 1 1928. V. 66, p. 471; V. 88, p. 1002, 1253.

Equipments trusts issued to Director-General for rolling stock allocated to this company. See article on page 3 and V. 113, p. 1360.

Bonds may be issued in separate series maturing on the same or different dates, and any series may be made redeemable all or part at times, on notice and at premiums, and may have such conversion privileges, as may be determined by the directors at the time of issue. The company may have the right to retire any series, all or part, and to issue for such purposes like aggregate principal amount of bonds in another series, bearing the same or different rates of interest, &c.

Series A 6% 30-year gold bonds, dated and carrying interest from July 1 1922, maturing July 1 1952, are redeemable as a whole only at 107½ and int. On Dec. 31 1926 $17,250,000 had been issued. Kuhn, Loeb & Co. in June 1926 sold at 95 and int., $6,000,000 first mtge. 5% gold bonds, series B, dated July 1 1926 and due July 1 1956. The entire series B, but not part thereof, is redeemable at 102½ and interest. In Oct. 1927 an additional amount of series B bonds to the amount of $1,575,000 were procured to be pledged and repledged from time to time as collateral security for short-term notes.

The remaining first mortgage bonds, authorized, will be issued or reserved for issue under the regulations provided in the first mortgage, to the extent of not exceeding $3,191,000 bonds to be issuable to a principal amount equal to the entire cost, and beyond that amount of bonds to 80% of the cost of new equipment, improvements, betterments, additions, new mileage or property, or (if permitted by law) stocks or bonds representative of new mileage or property, whether constructed or acquired by the company or by some subsidiary company.

(2) *Adjustment Mortgage Bonds.*—Total authorized amount, $25,000,000 at any one time outstanding. Secured by mtge. to Irving Bank-Columbia Trust Co., as trustee, on the properties embraced in the new First Mtge. and from time to time becoming subject thereto. Subject to the First Mtge. and to the prior payment out of the mortgaged property of all bonds at any time issued and outstanding under the First Mortgage. Interest payable annually or semi-annually as may be provided, at such rate as may from time to time be determined by the directors at the time of issue, but required to be paid (except as to arrears, if any, of cumulative interest payable on maturity of the principal), only out of net income as defined in the mortgage.

They may be issued in separate series maturing on the same or different dates, and any series may be made redeemable, all or part, on notice and at premiums, as may be determined by the directors at the time of issue, but in all cases with accrued cumulative interest. Payment of installments of interest for any period on Adjustment Mortgage bonds of different series carrying different rates of interest shall be made in amounts which in all cases bear to each other the same proportions as the respective maximum rates of interest carried by such respective series bear to each other.

Under the Adjustment Mortgage the new company may reserve the right to retire any series, all or part, and to issue for such purposes like amounts of bonds in another series, bearing same or different rates of interest, &c.

The Adjustment Mortgage will provide that the net income applicable to the payment of interest on the Adjustment bonds shall be deemed to be its net income as that term is defined in the accounting rules of the I.-S. C Commission from time to time in force, but without deduction in ascertaining net income for interest on the Adjustment Mortgage bonds; and only such portion of the net income for each year beginning Jan. 1 as directors may determine, but not less than 50% of such net income for each such year ending prior to Jan. 1 1928 shall be required to be applied (to the extent necessary) to the payment of interest on the Adjustment bonds, and that any remaining net income for any such year prior to Jan. 1 1928 to the extent of any difference between the full interest on the Adjustment bonds and the interest actually paid thereon, shall be carried into a separate account which shall be available for capital expenditures or other corporate purposes, but shall not in any year be a part of surplus available for the payment of dividends on any class of stock at the time outstanding.

After Jan. 1 1928 the interest on the Adjustment bonds at the rate borne will be cumulative, and at the maturity of the principal all arrears of cum. int. shall be payable, but accumulations of interest shall not bear int.

Series A 6% 30-year adjustment bonds dated July 1 1922 and carrying interest from Jan. 1 1923, maturing July 1 1952, have been issued to the extent of $17,000,000. Red. at par and accrued accumulative interest.

The New Orleans Texas & Mexico Ry. in Feb. 1925 offered to guarantee to holders of adjustment bonds a minimum distribution at the rate of 4% per annum in respect of interest thereon for the interest period beginning Jan. 1 1924 and ending Dec. 31 1927, in consideration of the grant by the owner of each such assenting adjustment bond of an option to New Orleans Texas & Mexico Ry. to purchase such assenting bond at any time at the following prices: (a) If the date designated for such delivery be before Jan. 1 1928 at 85% of the face amount thereof with interest on such face amount to the delivery date at the rate of 4% per annum from Jan. 1 1924 or as the case may be, from the later Jan. 1 beginning the interest period next succeeding the last interest period for which interest on the adjustment bonds, Series "A," has been declared due and payable; (b) if the delivery date be on or after Jan. 1 1928 at the face amount thereof together with accrued and unpaid cumulative interest thereon to the delivery date (but only to the extent that coupons for such interest shall be surrendered with such bond) and also, if interest for the year ended Dec. 31 1927 shall not theretofore have been declared due and payable, together with interest for the year at the rate of 4% per annum.

Notes.—All of the outstanding 6% gold notes, due 1930, were redeemed on Sept. 1 1926 at 100 and interest.

REPORT.—The directors' report for the 6 mos. end. Dec. 31 1925 says: At the last annual meeting the stockholders were informed that, from a cablegram just received from Mexico, the board had reason to believe that it was the intention of the Mexican Government to return the railways of the company, and of its leased lines, to private management, on Jan. 1 1926. These railways were, in fact, so returned on the date named, and the operating management was resumed by the National Railways of Mexico, under the terms of the old management agreement.

In consequence of the resumption of management taking effect as from Jan. 1 last, it has become desirable to alter the company's financial year so as to make it terminate on Dec. 31 in each year, instead of on June 30. Accounts will therefore be issued for the 12 months to Dec. 31 1926, as soon as possible after they have been received and audited.

The company made a hopeful beginning—the provisional returns for the first half of the current year showing gross earnings from the whole system amounting to $7,221,990 Mexican currency, with net earnings of $1,291,032 Mexican currency. No accounts have yet been received for any portion of the second half of the year, but the directors have been informed that the lines are not now being worked at a profit.

On Dec. 31 1925 the debit balance against net revenue account—mainly in respect of accrued interest on debenture stocks and rentals of leased lines—amounted to £3,440,910.

The company's claims against the Mexican Government, which were forwarded to Mexico a year ago are still the subject of discussion.

With the consent of the debenture stockholders' committee appointed in May 1923, and with the acquiescence of the leased lines, the moratorium granted to the company has been extended from time to time and is still in operation.

A scheme for the purpose of terminating the moratorium and for providing a modus vivendi, for a limited period, has been prepared by the directors, in consultation with the debenture stockholders' committee. This is now in the hands of the company's legal advisers, but owing to the many complications of the position it will not be ready for submission to the debenture stockholders and other parties interested until early in the new year. The proposed arrangement is intended as preliminary to a comprehensive scheme to be formulated and submitted after a settlement of the claims against the Mexican Government has been effected.

Modified Reorganization Plan in V. 125, p. 1456.

Reorganization Plan.—A plan of reorganization for the road was filed Feb. 7 1925 in Topeka at the office of the Clerk of the Federal Court.

Under the proposed plan, the Government would be called upon to grant a 15-year extension on the $2,500,000 loan which the Orient now owes the Government. The extension would run from Dec. 1 1921 and ending in 1936. The new money which the road would acquire, according to the plan, would be $2,250,000; $1,000,000 to be advanced by the Government as an equipment loan and the balance to be advanced by Mr. Histed.

The Government would take prior lien on the Orient properties under the 15-years extension on the $2,500,000 loan now due the Government and under the proposed $1,000,000 advance in the reorganization plan.

It was proposed that the new operating company for the Orient be organized with a capital of $7,500,000. [The new company was chartered in Kansas on or about April 1 1925]. In return for the advance of $1,250,000, 35,000 shares of stock valued at $3,500,000 is to be delivered to Mr. Histed.

ORGANIZATION.—A reorganization of Kan. C. Pitts. & Gulf RR., foreclosed in 1900 per plan in V. 69, p. 1012, 1062. V. 73, p. 1356; V. 74, p. 94 V. 80, p. 1971; V. 81, p. 559; V. 84, p. 1366; V. 88, p. 375.

The application of the Kansas City Southern Ry. for authority to acquire control of the Missouri-Kansas-Texas RR., and of the latter to acquire control of the St. Louis-Southwestern Ry., by purchase of capital stock, was denied by the I.-S. C. Commission by a vote of 7 to 4. The decision, dated May 3 and made public May 19 1927, was based on the ground that the proposal would not be in the public interest. The proposal is that generally known as the "Loree merger" plan, because L. F. Loree, Chairman of the Kansas City Southern and of the Missouri-Kansas-Texas, was one of the chief proponents. The proposed consolidation is disapproved mainly because of the methods by which the merger is to be brought about. The rejection was also prompted by the weakened position in which the so-called short line affected would be left. The Commission also held that minority interests in the roads concerned were not properly safeguarded. The total mileage of the proposed unification, known as the Loree merger, would be 5,801. Under the terms of the applications, the Kansas City Southern would obtain majority holdings of Missouri-Kansas-Texas stock and the latter would purchase enough stock of the St. Louis Southwestern from the Kansas City Southern to give the M. K. T. a majority control of that carrier. The three roads would retain their corporate entities but unified operation would be possible. For full report of the I.-S. C. Commission see V. 124, p. 2980, 2987.

The company on Feb. 7 1923 filed with the U. S. District Court for the Southern District of New York an amended plan for the segregation of its coal properties pursuant to a decree of the Court entered Feb. 24 1921 (V. 112, p. 849). The plan is a modification of the original plan filed with the Court in Oct. 1921 (V. 113, p. 1574), to which the Attorney-General of the United States filed several objections (V. 113, p. 1674, 1987). A final decree was signed by Federal Judge Learned Hand on Nov. 7 1923. The plan, given in full in V. 116, p. 576, and as supplemented by the final decree, V. 117, p. 2109, provided as follows:

1. The Lehigh Valley Coal Co. will create a new $40,000,000 50-year mortgage carrying 5% interest and protected by adequate sinking fund arrangements. This mortgage until Jan. 1 1933 will be a second mortgage on a small part of the coal company's properties, and thereafter will be a first mortgage on all its properties. Of the bonds $15,000,000 will be sold at once and the proceeds paid over to the Lehigh Valley RR. in satisfaction of all indebtedness on account of advances for capital expenditures and otherwise in the past. The proceeds will be devoted by the railroad company to the improvement of the railroad properties pledged under its general consolidated mortgage of 1903, the income from said fund, however, in the meantime to be received by the railroad company and used for general purposes.

The remaining $25,000,000 of bonds provided for by the new Lehigh Valley Coal Co. mortgage will be reserved for the purpose of retiring the present outstanding bonds of the Lehigh Valley Coal Co. when due—that is, on Jan. 1 1933—to the extent not provided for by the then existing sinking fund. The Lehigh Valley Coal Co. bonds now outstanding amount to

$11,514,000, and it is estimated that the sinking fund, which now amounts to $2,871,000 par value of securities therein, will by Jan. 1 1933 with accumulations and additions have a value of at least $5,000,000, so that the bonds then to be paid off from new funds will not amount to more than $6,500,000. This will leave approximately $18,500,000 of the new mortgage bonds of the coal company available for improvements or other capital expenditures by the coal company as occasion may demand.

2. The [$9,465,000] stock of the Lehigh Valley Coal Co. is pledged with the Girard Trust Co. of Philadelphia, as trustee under the railroad company's general consolidated mortgage of Sept. 30 1903, which mortgage matures in 2003. The railroad company sold for $1,212,160 all of its right, title and interest in the equity of redemption which it owns in said stock, also voting rights and dividends payable thereon, to a new trustee issued certificates for 1,212,160 shares of interest therein carrying voting rights and dividends, thus making certificates on the basis of one share of interest in Lehigh Valley Coal Co. stock for each share of Lehigh Valley RR. stock, both common and preferred. The shareholders of the railroad company were given the right by said new trustee to subscribe to said shares of interest at the rate of $1 per share. Shares of interest not subscribed for on or before Jan. 15 1925 were sold by the new trustee to the Lehigh Valley Coal Co. at the rate of $1 per share.

Shareholders of the railroad company who bought and buy shares of interest as aforesaid will be obliged to dispose of their said shares of interest on or before Dec 31 1927 unless in the meantime they shall have disposed of their railroad company stock. Neither the railroad company nor any corporation controlled by it, nor any person acting in its interest, shall acquire by purchase or otherwise any of said shares of interest.

3. All certificates for shares of interest as above stated were, at the time of sale, registered by the Lehigh Valley Coal Co. in appropriate form in the names of the purchasers or their nominees, upon information furnished by the trustee, and thereafter transfer may be made only on the books of the coal company

4. The Girard Trust Co., as trustee under the general consolidated mortgage, holds the legal title to all of the coal company stock and gives the railroad company a proxy to vote the same, the giving of this proxy being dependent upon there being no existing default under the mortgage After the sale of the railroad company's equity in the coal company's stock, as stated above, the trustee holding said equity will exercise its voting power for the benefit of and at the direction of the owners of the shares of interest that is to say, the registered owners of the coal certificates as shown by the transfer book of the coal company will exercise their voting power exclusively through their trustee

5. Upon the maturity or termination of the general consolidated mortgage, the stock of the Lehigh Valley Coal Co. will be available for distribution to the then owners of said certificates of interest and will be distributed to them accordingly, each certificate of interest entitling the holder to a pro rata share of the coal company's stock.

6. The [$2,910,150] stock of Coxe Brothers & Co., Inc., will remain in pledge under the collateral trust agreement of Nov. 1 1905 until the maturity of that agreement on Feb. 1 1926, except that the voting power in the meantime will be assigned to a trustee to be appointed by the District Court. At the maturity of the collateral trust agreement, the stock will be sold by the Lehigh Valley RR

7. The [$1,500,000] stock of the Delaware Susquehanna & Schuylkill RR. will remain in pledge under the collateral trust agreement also until the maturity of the agreement on Feb. 1 1926, the voting power in the meantime to be assigned to a trustee to be appointed by the District Court In the meantime application will be made to the Inter-State Commerce Commission for authority to merge and consolidate this company with the Lehigh Valley RR., in accordance with the provisions of the Inter-State Commerce Act which permits authority to be granted notwithstanding the status of the petitioners under the Federal Anti-Trust Laws.

8. The Lehigh Valley Coal Sales Co will negotiate and enter into a lawful sales contract with the mining companies (Lehigh Valley Coal Co and Coxe Brothers & Co., Inc.).

In operation Dec. 1926, 313.76 miles of Northern lines; 258.31 miles Southern lines and 86.63 m. of Legaspi division lines. Additional mileage has been under construction.

In 1916-17 the Philippine Govt. purchased all the outstanding stock for $4,000,000 cash. V. 103, p. 959, 1031; V. 102, p. 609, 251, 2166.

BONDS.—The Manila RR. (Southern Lines) 1st gold 4s of 1909, guar. as to int. by Philippine Govt. under Act of U. S. Congress, are limited to $30,000,000. Under a supplemental indenture dated July 1 1916 holders of these bonds were offered the privilege of having due date extended to May 1 1959, provided bonds then outstanding were presented to trustee for extension prior to Nov. 1 1918. $1,122,000 were extended. Acceptance is stamped on each bond. A separate sinking fund was established sufficient to retire extended bonds by maturity. Interest on extended bonds is guaranteed by Philippine Government. The bonds are redeemable as a whole at any time at 110 or by lot for a sinking fund of ½ of 1% yearly from May 1 1919 to April 30 1928 and 1% yearly thereafter. V. 91, p. 215, 276, 717, 1711; V. 93, p. 45; V. 104, p. 1801; V. 105, p. 1802, 1898.

The entire issue is held and pledged by the Manila Ry. Co. (1906), Ltd., as below stated.

It was also arranged to apply not over £590,000 of the $4,000,000 purchase price to payment of loans of Manila Ry. (the English co.), canceling the A & B deb. stock pledged therefor and so reducing the nominal issues of its deb. stock (and bonds) to the amounts theretofore sold, viz., £2,000,000 Class A 4% and £1,880,000 Class B, the interest rate on the latter being reduced from 4% to 3¼%. The A and B issues thus to be first and second charges, respectively, on the $13,236,000 new 1st M. 5% 40-year bonds of the American co. and on about $2,000,000 Southern Lines 1st M. 4s. See also V. 102, p. 2166; V. 103, p. 145, 493, 1032; V. 103, p. 1888.

The 7% sinking fund bonds of 1922 are guaranteed prin. & int. by the Govt. of the Philippine Islands. The company has agreed to create and maintain a sinking fund for the redemption of the bonds at maturity, paying annual installments to the Chase National Bank, New York, trustee, sufficient to retire entire issue by maturity. The company offered to take up at 43¼ Wisconsin Central Common stock issuing in exchange 5½% notes secured by Wisconsin Central stock. The offer expired Mar. 31 1924, 95% of the minority stock having been deposited in acceptance of the offer. V. 118, p. 1665, 2437.

The Central Terminal Ry., organized in 1911, on Apr. 1 1914 opened a new Chicago terminal. See BONDS below. V. 93, p. 1463, 1387, 871 285; V. 95, p. 745.

Each year's surplus earnings are regarded as a separate fund. A dividend of 2% was declared payable April 15 1922, but payment of this div. was enjoined by the U. S. District Court of Minnesota following a suit brought by two stockholders involving the question of rights of pref. and common stockholders. In Dec. 1922 the directors declared 2% payable Dec. 28 1922, this payment also being enjoined by another suit brought by the same plaintiffs. See V. 116, p. 2123. In May 1923 a decision was rendered in favor of the directors. V. 116, p. 2129; V. 115, p. 869, 1429, 1532, 2581, 2685. On Oct. 15 1923 the U. S. Supreme Court denied an appeal in the suit. Compare V. 117, p. 1775 On Dec. 17 1923 paid 4% on both the common and preferred stocks. None since.

BONDS.—Can. Pac. guarantees 4% int. on all old bonds assenting to a reduction of int. to 4%; also on 4% consols of 1888 and $8,136,000 5% consols issued in 1925. (See V. 50, p. 784; V. 51, p. 239.) All but $4,000 Minn. S. S. M. & Atl. Bonds and practically all other issues assented. Abstract of *Minn. Sault Ste. Marie & Atlantic* mtge. in V. 45, p. 243; Can. Pac. Ry. Co. on Dec. 31 1926 owned $3,993,000 of the M. St. P. & S. Ste. M. 1st 4s. The *Consolidated mortgage* of 1888, abstract V. 47, p. 142, was for $21,000,000 on 800 miles (sufficient of this reserved to retire prior bonds) and for $20,000 per mile on all additions. Outstanding amount is, however, restricted to three times the stock. V. 94, p. 351; V. 73, p. 185; V. 78, p. 820; V. 79, p. 1332; V. 80, p. 651; V. 87, p. 1011, 1664; V. 89, p. 779; V. 91, p. 1026; V. 95, p. 544; V. 98, p. 1316; V. 100, p. 812; V. 103, p. 321; V. 106, p. 1126. As to 2d 4s, see V. 68, p. 669, 771, 977; V. 71, p. 845; V. 85, p. 1646; V. 96, p. 1089.

The Central Terminal 1st M. 30-year gold 4s ($20,000,000 auth.) are secured under a joint mtge. with Central Terminal Ry. on Chicago terminals of Minn. St. P. & S. S. M. and Can. Pac. system lines. They are subject to call on any interest date beginning Nov. 1 1916 as a whole at 105 and must be called yearly, beginning Nov. 1 1916, at 102½ by a sinking fund sufficient to retire issue at or before maturity if not purchasable for less. The $6,000,000 bonds sold represent cash investment equal at least to their par value, the remainder being reserves for not exceeding 80% of cost of extensions and improvements; in sinking fund Sept. 30 1927, $2,057,000. V. 93, p. 1463; V. 95, p. 745.

The ref. mtge. closes all prior bond issues of the company, at the amount now outstanding, $74,647,000. It authorizes the issue of bonds in series, with interest rate and maturity fixed for each series at the time of issue. The authorized issue is limited so that the amount at any one time outstanding, together with all outstanding prior mortgage obligations defined in the mortgage, shall never exceed three times the outstanding capital stock. An annual sinking fund, payable July 1 1922, and on July 1 in each year thereafter, of 1% of the Series "A" bonds from time to time outstanding in the hands of the public, will purchase bonds at not exceeding par and interest. V. 114, p. 1180.

The $10,000,000 6½% collateral trust gold bonds due Sept. 1 1931 are secured by pledge of $12,500,000 25-year 1st ref. mtge. 6% gold bonds, Series "A." V. 113, p. 1156.

The I.-S. C. Commission has placed a tentative valuation of $81,884,000 on the total owned and used properties of the Missouri Kansas & Texas Ry. as of June 30 1918 and a tentative valuation of $40,950,195 on the total owned property and $51,563,568 on the total used property of the Missouri, Kansas & Texas Ry. of Texas as of June 30 1918.

Concurrently with the application to the I.-S. C. Commission of the Kansas City Southern Ry. to acquire control by stock ownership of the Missouri-Kansas-Texas RR. (V. 123, p. 451), the latter company filed its brief with the Commission for permission to acquire "control, not involving consolidation of" the St. Louis Southwestern Ry.

It was proposed to acquire control of the Cotton Belt by purchase from the Kansas City Southern Ry. of that road's holdings of 135,000 shares of pref. stock and 20,000 shares of common stock of the Cotton Belt for $13,613,301, and by the acquisition of sufficient additional shares of Cotton Belt pref. and common, or both, to constitute, with the shares purchased from K. C. S., at least a numerical majority of the outstanding stock.

In addition to purchasing the present Cotton Belt stock now owned by he K.C.S., the Katy was also to "acquire all rights of the Kansas City Co., pursuant to the terms of a certain agreement with the Chicago Rock Island & Pacific Ry. Co., referred to in the purchase agreements, to an abatement or reduction of the purchase price of certain of said shares purchased by the Kansas City Co. from the Chicago Rock Island & Pacific Ry."

The application of the Kansas City Southern Ry. for authority to acquire control of the Missouri-Kansas-Texas RR., and of the latter to acquire control of the St. Louis Louis Southwestern Ry., by purchase of capital stock, has been denied by the I.-S. C. Commission by a vote of 7 to 4 The decision, dated May 3 and made public May 19 1927, was based on the ground that the proposal would not be in the public interest. The proposal is that generally known as the "Loree merger" plan, because L. F. Loree, Chairman of the Kansas City Southern and of the Missouri-Kansas Texas, was one of the chief proponents. The proposed consolidation is disapproved mainly because of the methods by which the merger is to be brought about. The rejection was also prompted by the weakened position in which the so-called short lines affected would be left. The Commission also held that minority interests in the roads concerned were not properly safeguarded. The Commission stated emphatically that it did not think the formation of this distinctly Southwestern Gulf system was objectionable in itself. For full report of the Commission see V. 124, p. 2980.

Reorganization Plan Dated Nov. 1 1921 (V. 113, p. 2311, 2505).—Pres. Chas. E. Schaff was on Sept. 27 1915 appointed receiver for the company by the U. S. District Court at St. Louis. The Reorganization Managers, J. & W. Seligman & Co. and Hallgarten & Co., New York, announced a Plan of Reorganization, dated Nov. 1 1921, an outline of which is given below (for details in full, see V. 113, p. 2311.) The plan was declared operative in Jan. 1922. V. 114, p. 198. Sale of road, V. 115, p. 2794; V. 116, p. 616, 721.

The new company authorized the following securities:

Prior Lien Mortgage Bonds.—The prior lien mortgage bonds are limited to the total authorized amount of $250,000,000 at any one time outstanding. They bear interest, payable semi-annually, at such rate as may from time to time be determined by the directors at the time of issue and be stated in the bonds, and are secured by mortgage and deed of trust to Central Union Trust Co. of New York and Daniel R. Catlin as trustees, which embrace, except as otherwise dealt with in the carrying out of the plan, all or substantially all the lines of railroad, franchises and equipment, terminals and other property (including underlying bonds deposited under the plan and stocks and bonds of subsidiary companies) which may be vested in the new company pursuant to the plan and also all additional property of like character (including stocks and bonds of subsidiary companies) at any time thereafter acquired by the new company subject to existing liens or purchase money liens thereon. They may be issued in separate series maturing on the same or different dates and any series may be made redeemable in whole or in part at times, on notice and at premiums, and may have such conversion privileges as may be determined by the directors at the time of issue.

Cumulative Adjustment Mortgage Gold Bonds.—The adjustment mortgage bonds are limited to the total authorized amount of $100,000,000 at any one time outstanding. They are secured by mortgage and deed of trust to Irving Bank-Columbia Trust Co. and Thomas S. Moffitt as trustees, on the properties embraced in the prior lien mortgage and from time to time becoming subject thereto. The adjustment mortgage is subject to the prior lien mortgage. Bonds bear interest payable annually or semi-annually at such rate not exceeding 7% per annum as may from time to time be determined by the directors at the time of issue, but required to be paid, prior to the maturity of the principal, only out of the net income of the new company as defined in the adjustment mortgage. The interest will be cumulative from and after Jan. 1 1925, but accumulations of interest shall not bear interest. At the maturity of the principal, all arrears of cumulative interest shall be payable. The bonds may be issued in separate series, maturing on the same or different dates, and any series may be made redeemable in whole or in part at times, on notice and at premiums, as may be determined by the directors at the time of issue. The bonds of any series may be made convertible into preferred stock at such rate or rates, in such manner, under such regulations and during such periods as shall be authorized in the adjustment mortgage.

READJUSTMENT OF DEBT. (Compare advertisement in "Chronicle" of July 14 1923, page xxviii).

The International Committee of Bankers for Mexico in July 1923 announced that bondholders desiring to participate in the plan for the readjustment of the Mexican debt (V. 115, p. 1153) may do so by depositing their bonds with the authorized depositaries. The plan in brief provides as follows:

(1) The Mexican Government undertakes to set aside annually toward the payment of interest on the bonds after Jan. 2 1923: (*a*) The entire proceeds of the oil export tax; (*b*) 10% of the gross revenues of National Railways of Mexico; (*c*) the entire net operating revenues of such railways. In any event the Government agrees to provide for such current interest an annual fund amounting to not less than 30,000,000 pesos ($15,000,000 U. S. gold) during the first year; and increasing by 5,000,000 pesos ($2,500,000 U. S. gold) per annum for each of the ensuing four years, bringing

the annual fund up to 50,000,000 pesos ($25,000,000 U. S. gold) in the fifth year, to be used for the payment in cash of the interest due on the bonds dealt with (compare table in "Chronicle" of July 14 1923, p. xxviii). The balance of such interest will be dealt with in 20-year scrip, not bearing any interest during the first five years, but, for the balance of 15 years, bearing interest at the rate of 3% per annum, payable half-yearly. Any excess of the allocated revenues over the minimum fund in any year may be applied to the purchase or redemption of such scrip; but the committee has the power, under certain conditions and in its sole discretion to determine the disposition of any such excess, in the interest of the bondholders and the general plan during the year 1923.

(It was announced in March 1924 that the cash warrants maturing up to and including Jan. 1 1924 would be paid upon presentation. The warrants maturing July 1 1924 were not paid. Compare V. 120, p. 142.)

(2) The interest coupons maturing on or before Jan. 2 1923 and included in the plan, with respect to bonds, are to be detached by the respective depositaries and lodged with Guaranty Trust Co. of N. Y. as depositary against the issue of receipts to an equivalent face amount. Such receipts are to be purchased or redeemed by the Government from a fund sufficient to retire them in full, during a period of forty years, beginning Jan. 1 1928. The receipts will be of two kinds—Class "A" and Class "B"; Class "A" to be retired completely prior to Class "B"—which will be issued in the approximate proportions stated in the schedule (see table in "Chronicle" of July 14 1923, p. xxviii) to the deposit agreement.

(3) The Government is to make prompt return of the National Railways to private management. It recognizes its obligations to restore such railways, including rolling stock, to their condition at the time the Government took over the railway lines. The Government has agreed to assume the payment of principal, interest and sinking fund of outstanding bonds of the National Railway System, listed hereinbefore, subject to the provisions set forth as to the payments during the five-year period. The liens created by the existing mortgages are not to be enforced unless the Government fails to carry out its obligations under the plan; in which event such liens may be enforced in favor of the respective bondholders.

(4) The matured 2-year notes of the National Railways of Mexico are to be extended for a period of ten years from Jan. 1 1923, with interest at 5% per annum for the first five years beginning in 1923 and at 6% per annum thereafter.

The following notes are to be extended to Jan. 1 1933, with interest at the rate of 6% per annum: National Railways of Mexico 6% Secured Gold Notes, maturing up to Jan. 1 1917.

The following issues are to be extended to Jan. 1 1933, with interest at the rate of 6% per annum after maturity to Jan. 1 1933: National RR. Co of Mexico Prior Lien 4½% Bonds (No. 17); Mexican Central Ry. Co. Ltd., 5% Equipment Notes (No. 24).

(5) All sinking funds are to be postponed for a period not to exceed five years from Jan. 1 1923.

Modified Agreement.—Under the terms of a modified agreement reached in Oct. 1925 the National Railways were returned to private management on Jan. 1 1926. The modified agreement provided for the separation in the handling of the Governments' direct debt from the debt of the National Railways of Mexico. The interest payments for 1924 and 1925 now in arrears will be postponed and paid over an eight-year period beginning in 1926.

Consolidation Mort. $70,000,000 Secures Without Increasing Debt.

***Equally by Lien Prior to that Securing the Debentures and the 4% bonds*—**
N. Y. Cent 3½% Lake Shore coll bonds of 1898-1998.....$90,578,000
(On Aug. 31 1927 $67,919,500 of these had been exchanged for Consolidation Mtge. Series A 4s. See below.)

The Consolidation Mortgage (securing the collateral issues and other bonds in the order indicated above) covers by a lien ranking ahead of the Refund & Impt. Mtg. (see below), the lines owned in 1913 (inc., those then brought in by consolidation or merger), 75% (3,750 shares) of the stock of Hudson River Bridge Co. at Albany and the leases of Troy & Greenbush, New York & Harlem, West Shore and Beech Creek railroads. On the main line between New York and Buffalo there is no lien ahead of it except the $100,000,000 1st M. of 1897; and on the railroads consolidated or merged in 1913, such as the Rome Watertown & Ogdensburg, Mohawk & Malone, &c., there are no prior liens except the old underlying mortgages thereof and the N. Y. Central's $100,000,000 1st M. V. 102, p. 800, 1541

Refunding & Impt. Mtge. for New Capital and Debt Unification.

The purpose of the Refunding and Impt. Mtge. was to provide for future financing of the N. Y. Cent. & Hud. River and the consolidated company, and for the unification of the debt. The bonds are issuable in series, all due Oct. 1 2013, but bearing date of April 1 or Oct. 1 next preceding the date on which the series is authorized, and carrying interest at such rates, subject to call at such dates, and prices, and with such provisions as to conversion, &c., as shall be fixed for successive series. V. 96, p. 1424

The amount of bonds which may be issued under the Ref. and Imp. M. is not limited to a stated amount, but is determined by standards set up in the mortgage itself, and those standards are believed to be such that a bondholder will be indifferent as to the amount of bonds which may be outstanding under the mortgage, so long as the standards are complied with. The amount of Ref. & Impt. M. bonds outstanding cannot exceed three times the amount of the capital stock as from time to time increased.

After $500,000,000 of the bonds shall have been issued, not more than 40% of the cost of improvements, additions or new property can be paid for from the proceeds of bonds. Not more than one-third of the amount of bonds can be used in the acquisition of bonds or stocks of other companies. After $500,000,000 of bonds shall have been issued no additional bonds can be issued without the vote of stockholders. Each issue of bonds must receive approval of RR commissions and P. S. Commissions. V. 98, p. 387, 611, 690, 1245, 1393; V. 99, p. 1052, 1131, 1367; V. 100, p. 1079; V. 104, p. 1387; V. 106, p. 2757.

The Ref. & Impt. M. is (1) a lien next to the lien of the Consolidation Mtge (see above) on the properties, &c. covered by the Consolidation Mortgage. (2) A first lien on the *leases* of the Beech Creek Extension, New Jersey Junction and Wallkill Valley railroads, subject to the outstanding bonds of each. (3) A first collateral lien on $500,000 2d Mtge. bonds of Beech Creek RR. and $3,964,000 Consol. Mtge. 4s of the Beech Creek Extension RR. companies. (4) A first collateral lien on—

The Refunding & Impt. Mtge. is also a lien upon the properties described in the supplemental indenture (dated June 15 1915), assuming, as authorized by the shareholders, the obligations of the Ref. & Impt. Mtge. and extending the lien thereof over the former Lake Shore & Mich. So. Ry., Chicago Ind. & So. RR., Geneva Corning & So. RR. Dunkirk Alleg. Val. & Pitts. RR. and all of the other properties included in the consolidation of 1914, and also over the former Cleveland Short Line Ry. Jamestown Franklin & Clearfield RR., Sturgis Goshen & St. Louis Ry. and Elkhart & Western RR., acquired by conveyances in 1915 (see "Organization" above). The lien created by this supplemental mortgage is subject, as to parts of the mortgaged properties, to the respective prior liens of the several underlying mortgages thereon shown in table above. In 1914 $40,000,000 Series A 4½% bonds, issued under this mortgage, were sold (V. 98, p. 1245); None of the Series B bonds are outstanding in hands of public; $4,494,000 have been nominally issued and are held by or for the company. In April 1922 $60,000,000 Series C 5% bonds were sold and a further $25,000,000 were sold in July 1922. V. 114, p. 1534; V. 115, p. 308.

NEW YORK CENTRAL LINES.—The N. Y. Central Lines equip) trusts cover engines, passenger cars and freight cars used by various lines of the system, which jointly and severally agree to pay prin. and int., the larger part being for N. Y. Central.—(V. 125. p. 2669.)

NEW YORK CHICAGO AND ST. LOUIS RR. CO. (THE).—This company was formed in 1923 under laws of N. Y., Pa., Ohio, Ind. and Ill. as a consolidation of the New York Chicago & St. Louis RR., Chicago & State Line RR., Toledo St. Louis & Western RR., Lake Erie & Western RR. and Fort Wayne Cincinnati & Louisville RR. The consolidated company operates 1,692 miles of road, its main line extending from Buffalo through Cleveland to the three Mid-Western gateways at Chicago, Peoria and St. Louis. Its lines also reach Fort Wayne, Indianapolis, and the important Lake ports of Sandusky and Toledo and the company also owns half the capital stock of the Detroit & Toledo Shore Line Ry., connecting Toledo with Detroit.

The I.-S. C. Commission has placed a tentative valuation of $87,759,105 on the total owned and $93,226,861 on the total used properties of the company as of dates of valuation.

The agreement and articles of consolidation were entered into by the directors of the constituent companies on Dec. 28 1922. Ratification by the stockholders, and compliances with the requirements of State statutes, were completed on April 11 1923, on which date the consolidation became effective. On June 18 1923 the I.-S. C. Commission issued a certificate of public convenience and necessity authorizing the acquisition, and operation in inter-State commerce, of the lines of railroad of the constituent companies by the consolidated corporation, and approved the necessary issue of securities.

The total capital stock of the consolidated company authorized by the agreement and articles of consolidation is $105,500,000, of which $45,880,000 is preferred stock and $59,620,000 is common stock. The amount of stock authorized by the I.-S. C. Commission to be issued in exchange for the stocks of the constituent companies is $78,967,900, of which $32,720,000 is preferred stock and $46,247,900 is common stock. On Dec. 31 1926 capital stock of the constituent companies amounting to $78,836,800 par value had been exchanged, par for par, for stock of this company, leaving a stock liability for conversion under the agreement and articles of consolidation of $131,100. A part of the stock which will be issued to discharge that liability will be contributed to the company pursuant to the agreement. Because of contributions by stockholders and other adjustments incident to the consolidation, the company holds in its treasury, out of the total of $73,836,800 issued and exchanged to Dec. 31 1926, fully paid preferred stock of the par value of $1,424 and fully paid common stock of the par value of $15,798,066. V. 116, p. 721; V. 119, p. 1183.

Merger Plan Rejected.—The I.-S. C. Commission on March 2 1926 rejected the proposed unification of the Nickle Plate, Erie, Pere Marquette, Hocking Valley and Chesapeake & Ohio roads. For full text of Commission's report compare V. 122, p. 1249.

For the revised terms of proposed unification plan, as reported unofficially, see V. 123, p. 577.

DIVIDENDS.—On July 16 1923 paid 3% on new common stock; Oct. 1 1923 to Jan. 2 1926 paid 1½% quar.; April 1 1926 paid 1½% quar. and 1¼% extra; July 1 1926 to July 1 1927, paid 2¼% quar.; Oct. 1 1927, and Jan. 3 1927 paid 1½% quar.

BONDS.—First mtge., abstract, V. 45, p. 541.
The stockholders on July 2 1918 authorized a "Second & Impt. Mtge." for $35,000,000, including the $10,000,000 debentures of 1906, which are equally secured, leaving $25,000,000 that may be issued for improvements. The bonds are to be issued in series, each series to bear such rate of interest as may be fixed by the directors. At Dec. 31 1926 $14,309,000 had been issued, of which $1,389,000 were pledged as security for $1,000,000 note issued to U. S. RR. Administration, and $690,000 held in treasury. V. 108, p. 1061, 579; V. 107, p. 1670.

In June 1924 sold $26,058,000 ref. mtge. 5½% gold bonds, Series "A." and in Dec. 1925 sold $9,575,000 Series "B" bonds. The authorized issue of refunding mortgage bonds is limited to an amount which, including all bonds at the time reserved to retire prior debt, shall not exceed three times the par value of capital stock then outstanding. V. 118, p. 2949; V. 121, p. 3128.

The I.-S. C. Commission in June 1925 authorized the company to issue $10,000,000 of Toledo St. Louis & Western RR. 1st mtge. 4% gold bonds in exchange for a like amount of Toledo St. Louis & Western RR. prior lien 3½% gold bonds; said bonds so issued in exchange to be pledged with the trustee under company's refunding mortgage.

**Note.*—It has been the company's practice for many years to include in its figures of operating revenues for each month the revenue from local business for that month and the revenue from inter-line forwarded and received business for the preceding month. By order of the I.-S. C. Commission, it became necessary, beginning with Dec. 1924, to include the revenue from inter-line business in the figures for the month in which it was earned. Dec. 1924 figures, therefore, include the revenue from inter-line business for November and December, and the figures for the year 1924 include similar revenue for the 13 months Dec. 1923 to Dec. 1924, inclusive.

Unification Plan of Northern Pacific Ry. and Great Northern Ry.

The plan for unification of the Northern companies was announced Feb. 14 1927 by a committee composed of George F. Baker, Chairman; Arthur Curtiss James, Deputy Chairman; J. P. Morgan, Louis W. Hill and Howard Elliott.

Unification is to be accomplished in the following manner:

A railroad corporation now existing (called the new company) will lease the properties of the Spokane Portland & Seattle Ry. and thereafter will exchange its new stock, share for share, for the stock of the Northern companies. As soon as feasible the new company will also acquire by lease the railroads and properties of each of the Northern companies. The terms of each lease, as to the properties to be leased, rental to be paid, and all other provisions thereof, shall be as agreed upon by the companies, parties thereto, subject to the approval of the I.-S. Commerce Commission, and the committee shall have full discretion to adopt as a factor in the plan, or in any modified or substitute plan, any such lease the terms of which shall have been so approved.

The committee shall have power to provide that the new company shall, subject to the approval of the I.-S. C. Commission, acquire control by purchase, lease or otherwise, of any additional railroads, bus lines or other transportation facilities and properties which it may deem beneficial to or in furtherance of the plan, or of any modified or substitute plan, and to issue the obligations or stock of the new company therefor.

The issue of the new stock and the leases contemplated by the plan will be subject to the approval of the I.-S. C. Commission and to compliance with such legal requirements as counsel to the committee may advise. The necessary application or applications to the Commission will be made as soon as deposits under the plan have progressed sufficiently in the opinion of the committee. V. 124, p. 1062.

Capitalization.—Company has outstanding debenture bonds to the amount of 12,406,786,500 francs, £5,000,000 and dollar bonds amounting to $60,000,000. None of the above debentures or bonds carries any special security nor is any part of the company's system or equipment mortgaged or pledged in any way. The capital stock originally amounting to 400,000,000 francs, has, through amortization to date, been reduced to 315,271,500 francs.

Guaranty of French Government.—Before the war the company paid substantial dividends on its capital stock in excess of the minimum rate of 11% guaranteed by the Government under the Convention of 1883. In 1914, at the outbreak of the war, the French Government took control of all French railroads in order to insure efficient co-ordination for military purposes. After the war a new convention was entered into on June 28 1921 by the French Government and the larger railroad companies, including the Paris-Lyons-Mediterranean RR., revising the status of the railroads. This convention was approved by the law "Regulating the Great Railroad Systems" dated Oct. 29 1921.

Under the terms of this convention and law there is established a "common fund" for the purpose of creating financial solidarity of the large companies and, if necessary, during any fiscal year, to provide funds for the current treasury requirements of the companies. The railroad companies shall turn over to the "commun fund" any balance of their gross receipts available after providing for their operating expenses, interest and amortization of their loans, a variable operating premium intended to encourage efficient and economic operation, the guaranteed dividends to the stockholders and other charges as established by the convention. If, at any time, the gross receipts of one of the railroad companies should be insufficient to meet the charges mentioned above, there will be paid to the railroad out of the "common fund" any sums necessary to make up the deficiency.

The Government of the French Republic has undertaken to provide the "common fund" with any sums by which the receipts of the "common fund" may fall short of its requirements; provided, however, that if the Minister of Public Works so requires, the railroads will issue bonds for such purposes, the Government of the French Republic guaranteeing the interest, amortization and actual expenses of the service of such bonds until paid. The convention further provides for an adjustment of tariffs, if necessary, in order to provide the railroads with sufficient revenue to meet expenditures. In regard to 1,734,800,000 francs of bonds issued by the company under the special law of Dec. 26 1914 to cover its deficiencies of 1,197,200,000 francs since the beginning of the war, the convention provides that the Government will reimburse the company therefor by the payment of annuities to cover the service for interest and amortization of these bonds. Thus the Government of the French Republic as above described undertakes to provide, if necessary, funds sufficient to pay interest on the bonds of this issue and funds for sinking fund sufficient to retire the entire issue by maturity.

In March 1922 Kuhn, Loeb & Co. and National City Co. sold $40,000,000 6% external sinking fund gold bonds, due Aug. 15 1958.

Dated Feb. 15 1922. Not subject to redemption before Feb. 15 1932, except for the sinking fund. Entire issue outstanding, but not any part, will be redeemable at 103 and int., at the option of the company on Feb. 15 1932, or on any interest date thereafter. Denom. $1,000 and $500 (c).

Sinking Fund.—Bonds are to have the benefit of a cumulative sinking fund calculated to redeem the entire issue by Aug. 15 1958. This sinking fund will begin Aug. 15 1929, and is to operate by purchases of the bonds at or below 100 and int. or by redemption on Aug. 15 1929, and any Aug. 15 thereafter, at 100 and interest of bonds to be drawn by lot.

Goldman, Sachs & Co., Bankers Trust Co., Lehman Bros., Halsey, Stuart & Co., Inc., and Union Trust Co. of Pittsburgh in Sept. 1924 sold at 93¼ and int. $20,000,000 7% external sinking fund gold bonds.

Dated Sept. 15 1924; maturing Sept. 15 1958. Denom. $1,000 and $500c*. Int. payable M. & S. Principal and int. payable in gold at the office of Bankers Trust Co., New York, fiscal agents for the loan, without deduction for any French taxes. Red. only as a whole on or after Sept. 15 1932 on any int. date at 103 and int., except for sinking fund.

Sinking Fund.—Graduated annual sinking fund payments beginning with $248,000 on Sept. 15 1931 and progressively increasing to a maximum of $1,540,000, calculated to retire the entire issue by maturity through purchase at not exceeding 100 and int. or by annual drawings for redemption at 100 and interest.

PARIS-ORLEANS RR. (COMPAGNIE DU CHEMIN DE FER DE PARIS A ORLEANS).—Organized in 1838 to operate a railroad line between Paris and Orleans. As a result of subsequent mergers, purchases of other companies and construction, now owns and operates the second largest privately owned system in France.

Mileage.—System covers about 7,812 kilometers, or 4,882 miles. The lines serve (a) the central part of France, providing a direct route between Paris and the important seaports of Bordeaux, Nantes and St. Nazaire and forming part of the through lines between Paris and Southern France and Spain; (b) rich agricultural districts; (c) the industrial centres of Montlucon (iron), Albi (coal) and Limoges (porcelain); (d) through the western extension the south coast of Brittany; (e) the Valley of the Loire and the Aubergne Mountains, carrying a very heavy and profitable tourists' traffic.

Government Guaranty.—A law enacted on Nov. 20 1883 provides that the French Government shall advance each year any amount necessary in addition to the net income to cover the interest on and amortization of the bonded debt and to make an annual distribution on the capital stock of frs. 56 per share of frs. 500 and frs. 45 on the beneficiary shares without par value. Any amounts so advanced are to be repaid with int. at 4% p. a. out of any future surplus remaining after paying the div. on the stock.

This agreement continues in effect until Dec. 31 1956 (the end of the concession of the company) and contains similar provisions to protect the bondholders and stockholders in case the Government should take over the company's property prior to that date.

New Convention—Common Fund Established.—See Paris-Lyons-Mediterranean RR. above

Capital Stock.—Frs. 300,000,000, divided into 326,491 shares of frs. 500 each, and 273,509 beneficiary shares without par value. The stock is listed on the Paris Bourse.

Bonded Debt.—The bonded debt of the company consists of debentures to the amount of 6,250,000,000 francs; 2,000,000 pounds sterling; 50,000,000 Swiss francs, and $10,000,000.

In Feb. 1921 A. Iselin & Co., Halsey, Stuart & Co., Inc., and Hemphill, Noyes & Co., New York, offered frs. 50,000,000 6% bonds (Foreign Series), redeemable at par, by semi-annual drawings, not later than 1956. Interest from Dec. 1 1920, payable J. & D. at office of A. Iselin & Co., 36 Wall St., N. Y. City, without deduction for any French taxes, present or future, if held by non-residents of France. Denom. fr. 1 000.

Tax Exemption.—Under a recent French law these bonds are payable, principal and interest, without any deduction of French taxes, present or future, provided that are held by a non-resident of France.

Convertibility.—The company agrees to exchange any bond of this issue at its Paris office at any time prior to the drawing of such bond for redemption without expense for an equal face amount of 6% bonds (French series). These French Series bonds are listed on the Paris Stock Exchange, but holders thereof are subject to French taxes.

Redemption.—The concessions of the French railroad companies stipulate that at the expiration of their concessions, their property, except rolling stock and certain other working assets, shall revert to the Government free of charge. The companies have, therefore, with the approval of the French Government, adopted a plan of amortization which provides for the total redemption of their funded debt, and for the repayment of their capital stock by the time of the termination of their concessions.

The amortization plan provides for semi-annual drawings at par of a gradually increasing number of bonds, sufficient to retire the entire issue by Dec. 1 1956. Drawings under this amortization plan are made semi-annually and the bonds drawn will be payable on June 1 and Dec. 1 each year, beginning Dec. 1 1921. £2,000,000 6% sterling bonds of 1922, see Midi RR. Tentative Valuation.—The I.-S. C. Commission on Dec. 20 1926 placed a tentative valuation of $768,970,997 on the total owned property (including $9,945,997 for property owned and not used but leased to other companies) and $1,078,185,180 on the total used property (including $319,160,180 for property used but not owned, leased from other companies, many of which are subsidiaries) as of June 30 1918. [This valuation covers the principal eastern lines of the Pennsylvania system, the lines west of Pittsburgh and some of the other lines of the system having been included in previous reports on the subsidiary companies.] V. 123, p. 3316.

ORGANIZATION, LEASES, &c.—The charter of the Pennsylvania RR. was dated April 13 1846. As to agreement in 1917 to take over the properties and assume the obligations of the Pennsylvania Company, see that company's statement below. and V. 106, p. 1031.

In Nov. 1917 it was agreed that, effective Jan. 1 1918, or such later dates as might be determined, the leases of railroad property held by the Pennsylvania Co. should be reassigned to the Penn. RR., and the lines west of Pittsburgh operated directly by the Pennsylvania RR., through the same officials who had heretofore been in charge of the operation of those lines. In pursuance of this plan the Penn. RR. Co. had resumed in Oct. 1918 operating under lease the Pitts. Ft. Wayne & Chicago Ry., Cleveland & Pittsburgh RR., Erie & Pittsburgh RR., and Pitts. Youngs. & Ashtab. Ry. V. 107, p. 83, 284; V. 106, p. 86, 1031; V. 105. p. 2094, 2184. During 1918 accordingly the Pennsylvania *Company* was relieved of the operation of all the aforesaid lines, which were operated directly by the Penn. RR. Co. as its "Western Lines."

System Operated as a Unit.—It was announced in Feb. '20 that, effective March 1 1920, the system would be operated as a unit instead of being subdivided as formerly between the lines east and west of Pittsburgh. The system was divided into four regions, each in charge of a Vice-President, the headquarters of the respective regions being at Philadelphia, Pittsburgh, Chicago and St. Louis, and known as the Eastern, Central, Northwestern and Southwestern regions. As of June 1 1925 the Northwestern and Southwestern regions were combined and are now known as the Western region. V. 120, p. 2812.

In March 1916 incorporated the Penn.-Detroit RR. with $5,000,000 stock to build a 52-mile road from Ohio-Michigan line northward to Detroit V. 104, p. 1146; V. 106, p. 1031; V. 107, p. 91. The stockholders in April 1923 approved the lease of this road to the Pennsylvania RR. for 999 years. V. 116, p. 1893.

In April 1918 took title to the Susquehanna Bloomsburg & Berwick R. a 42-mile line, Watsontown to Berwick, Pa., &c., with $700,000 First Mtge gold 5% bonds outstanding. V. 106, p. 2011.

On Jan. 1 1921 leased for 999 years the Grand Rapids & Indiana Ry. and the Pitts. Cin. Chic. & St. L. RR. V. 111, p. 1753, 1950; V. 115, p. 437, 760.

The stockholders on Mar. 8 1921 approved the leases of 16 railroad properties constituting portions of the system and controlled through stock ownership. Compare V. 112, p. 162; V. 114, p. 1526.

The company in 1921 was authorized by the I.-S. C. Commission to lease for 999 years the property of the New York Philadelphia & Norfolk RR. from July 1 1920. V. 113, p. 731. Has also been authorized to purchase from the Pennsylvania Co. the stock of the Pitts., Ft. Wayne & Chicago Ry. V. 112, p. 2191; V. 117, p. 2324.

Merger of Subsidiaries.—See Pennsylvania Ohio & Detroit RR. above.

The I.-S. C. Commission in Feb. 1926 authorized the acquisition by the company of control of the Western Allegheny RR. by purchase of capital stock. V. 122, p. 1167.

To Build New Terminal.—It was announced in Oct. 1924 that the co. will build a new terminal in West Philadelphia, Pa. Compare annual report in V. 122. p. 2031.

PROTESTS VALUATION.—The company has filed with I.-S. C. Commission a protest against the tentative valuation of its properties issued recently, and has asked the Commission to disapprove and withdraw it. V. 124, p. 640.

SECURITIES OWNED.—Total book value of these on Dec. 31 1926 was $592,489,518, many of which are pledged to secure Pennsylvania issues. Revenue derived from these securities in 1926 $29,972,449. The securities include $56,823,200 (common) and $12,008,000 (adjustment preferred) stock of the Norfolk & Western, and $5,312,500 stock of N. Y. N. H. & H. RR. Co.

With a view to complete stock control of the Pittsburgh Cincinnati Chicago & St. Louis RR., the directors of the Penn. RR. Co. and of the Penn. Co. on Mar. 10 1920 offered to purchase the minority stock of the Panhandle Co. and to pay for the same, par for par, in new 50-year mtge. bonds of the latter co. when issued to the Penn. Co., bearing int. at the rate of 5% p. a., prin. & int. to be guaranteed by the Penn. RR. V. 110, p. 1188. See also Pitts. Cin. Chic. & St. L. RR. below.

The Pennsylvania Co. also offered to acquire the minority shares of the Grand Rapids & Indiana Ry., by exchanging therefor, par for par, 2d mtge. 4% bonds of the latter company, held in its treasury.

Pursuant to the final decree of the U. S. District Court for the Eastern District of Pennsylvania, entered June 28 1923 on the mandate of the U. S. Supreme Court in the suit by the Govt., Reading Co. merged and acquired as of Jan. 1 1924 the properties of the following railroad cos.:

The I.-S. C. Commission has placed a tentative valuation of $72,179,977 on the total owned and $200,927,187 on the total used property of the Philadelphia & Reading RR. system as of June 30 1917. In addition to the Philadelphia & Reading Ry. Co. proper, this valuation includes 29 subsidiaries. Valuation protested, V. 123, p. 1872.

ORGANIZATION.—The Philadelphia & Reading RR. (chartered April 4 1833) and the P. & R. Coal & Iron Co. were sold in foreclosure Sept. 23 1896 and reorganized per plan in V. 61, p. 1108. See V 64, p. 709

The "Reading Company" in the reorganization acquired the security holdings, real estate, equipment, &c., of the old Phila. & Reading RR. Co., also the $20,000,000 stock and $20,000,000 bonds of the Phila. & Reading Ry. and the $8,000,000 stock of the Coal & Iron Co.

The U. S. Supreme Court on Dec. 16 1912 in the Govt. suit (1) dismissed the charge of combination and conspiracy in restraint of trade against the company and other anthracite coal companies and coal-carrying roads; (2) held that the Temple Iron Co. is an illegal organization and should be dissolved; and (3) also held illegal the arrangement under which the coal companies pay the independent operators for coal at the mines 65% of selling price at tidewater. See V. 95, p. 1684, 1652; V. 96, p. 286, 554, 1090, 1557. The U. S. District Court on July 31 1915 held that the company and its subsidiaries, had not violated either the Sherman Law or the commodities clause of Commerce Law. The Government filed an appeal. V. 103, p 1119; V. 101, p. 85, 929, 1465, 1807; V. 96, p. 1425; V. 97, p. 666; V. 99, p. 821. The U. S. Supreme Court on April 26 1920 sustained most of the Government's charges of illegal combination against the company and certain of its railroad and coal subsidiaries, and ordered their dissolution. See V. 110, p. 1816. The company on June 1 1920 sought a modification of the dissolution decree. The motion, however, was dismissed by the Court on June 7 1920. V. 110, p. 2358, 2488.

Third Modified Segregation Plan.

The company on May 10 1923 filed with the U. S. District Court for the Eastern District of Pennsylvania a third modified plan for the carrying out of the decision of the U. S. Supreme Court, which provided as follows:

1. No additional general mortgage bonds shall be authenticated except that, to refund underlying bonds and obligations [other than those mentioned in clause (a) of Section 5 below], additional general mortgage bonds may be issued to the trustee of the new mortgage of the Reading Co. [provided for in Section 10 below] and stamped to show that they represent obligations of the Reading Co.

2. After payment by the Reading Iron Co. to the Reading Co. of a div. or divs. of $6,000,000 in cash or marketable securities at market value, the Reading Co. will sell all its right, title and interest in and to the stock of the Iron Co., including the present right to vote and receive dividends thereon, to the Coal Co. for $8,000,000. The stock of the Iron Co. will, however, remain subject to the lien of the general mortgage but as security for the obligation of the Coal Co. and not the obligation of the Reading Co.

3. The liability of the Reading Co. on the $94,627,000 gen. mtge. bonds outstanding on Nov. 30 1922 will be decreed to be two-thirds thereof and the liability of the Coal Co. thereon one-third thereof.

4. (Section 4 deals with sinking fund payments, for details of which compare plan published in full in V. 116, p. 2256.)

5. There are outstanding certain underlying bonds mentioned in the Gen. Mtge These bonds include (*a*) $810,000 of the Phila. & Reading RR. Co. 10-year Sinking Fund Coll. Gold bonds of 1892, extended to Feb. 1 1932, which are secured by pledge of bonds of coal companies belonging to the Coal Co., were assumed by the Coal Co. in 1896 and are in effect guaranteed by the Reading Co.; (*b*) $5,766,717 of the Phila. & Reading RR. Co. 1st Series Consol. Mtge. bonds of 1882, extended to March 1 1937, which are secured by property of the Railroad Co. and of the Coal Co. and are in effect guaranteed by the Reading Co. and the Coal Co., and (*c*) certain other bonds which are not the obligation of the Coal Co. and are not secured upon any property of the Coal Co. The final decree will make provision so that the covenants of the companies in the Gen. Mtge. in respect of these underlying bonds shall bind only the Reading Co. in respect of the bonds described in (*b*) and (*c*) above and shall bind only the Coal Co. in respect of the bonds described in (*a*) above; and, as between the companies, the Coal Co. will remain ultimately liable on the bonds described in (*a*) above, and the Reading Co. will remain ultimately liable on the bonds described in (*b*) and (*c*) above.

6. (Section 6 deals with defaults, liens, &c., and is published in detail n V. 116, p. 479.)

7. The Coal Co. will pay to the Reading Co. $10,000,000 in cash or current assets at market value. General releases of all claims and liabilities as between the Reading Co. and the Coal Co., including the claim of approximately $70,000,000 carried on the books of the Reading Co. as an asset and on the books of the Coal Co. as a liability, will be exchanged. The current indebtedness of the Reading Co. to the Coal Co. amounting to $2,500,000 will first be paid.

8. The Reading Co. will, subject to the lien of the Gen. Mtge. (but as security for the obligation of the Coal Co. and not the obligation of the Reading Co.), sell, assign and transfer all its right, title and interest in and to the stock of the Coal Co. to a new corporation to be formed with appropriate powers, in consideration of the payment by the New Coal Co. to the Reading Co. of the sum of $5,600,000, and its agreement to issue its shares to the stockholders of the Reading Co. as hereinafter provided. The New Coal Co. will issue 1,400,000 shares of stock without par value. Such no par value stock will be sold by the New Coal Co. to the stockholders of the Reading Co., preferred and common, share and share alike, for $5,600,000, or $2 00 for each share of Reading stock. Provision will be made for the disposition by the Reading Co. of any rights to subscribe which may not be availed of by the Reading stockholders within such period as may be fixed by the Reading Co., with the approval of the Court, to the end that the New Coal Co. shall receive the full purchase price of $5,600,000. This sale will be carried out by issuing to Reading stockholders assignable certificates of interest in stock of the New Coal Co., exchangeable for such stock only when accompanied by an affidavit that the holder is not an owner of any stock of the Reading Co.,

9. The Reading Co. will merge the Railway Co. under the authority contained in the present charter of the Reading Co., and will subject the Railway Co.'s property to the direct lien of the Gen. Mtge. The name of the Reading Co., after merger, will not be changed.

10. In order to compensate for any injury to the security which the modification of the terms of the gen. mtge. bonds and the general mortgage may cause, and to leave the Reading Co. properly financed to meet its obligations to the public, the Court will direct the Reading Co. and the Coal Co. to tender for acceptance by the bondholders the following proposals for the execution of new bonds and mortgage and the delivery of new bonds to holders of general mortgage bonds:

(a) The Reading Co. shall execute a new mortgage which will provide for the creation of a series of bonds to be known as Series A, to be limited to the aggregate principal amount of $63,084,666 2-3, and to be issuable only upon the surrender of general mortgage bonds as hereinafter provided Said bonds of Series A will bear interest at the rate of 4½% per annum, will mature Jan. 1 1997 and will be redeemable as a whole only at 105 and int. on any int. day on 60 days' notice. The new mortgage will contain appro-

Plan Approved by Court.—Judges Buffington, Davis and Thompson filed a final decree in the U. S. District Court June 28 1923 at Philadelphia, directing the dissolution of the Reading Co. and its subordinate concerns within six months.

The decree adopted the third modified segregation plan submitted May 10 1923.

STOCK.—Reading Co. has the right to convert the 2d pref. stock into one-half first pref. and one-half common stock. See V. 64, p. 709.

Pursuant to the final dissolution decree, the Reading Co. in Jan. 1924 offered to its stockholders, preferred and common, share and share alike, the right to subscribe for certificates of interest in 1,400,000 shares of the capital stock (no par value) of Philadelphia & Reading Coal & Iron Corp.

Stockholders of record Dec. 17 1923 have the right to subscribe for said certificates of interest at the rate of a certificate of interest in one share of stock of Philadelphia & Reading Coal & Iron Corp. for each two shares of stock of Reading Co. pref. or com. held. This right of subscription must be exercised before Jan. 1 1927, and certificates of interest may be exchanged for stock of the coal corporation by filing the necessary affidavit prior to July 1 1927. The additional int. obligations will not be secured by the dev. & gen. mtge., but in the supplemental indenture the company will covenant that it will not create any new mtge. upon any part of the railways subject to the dev. & gen. mtge. unless such new mtge. expressly shall secure the payment of the additional interest obligation equally and ratably with any indebtedness secured by such new mtge. ORGANIZATION.—Organized in 1889. The following companies are sole owners: Cleveland Cincinnati Chicago & St. Louis, Louisville & Nashville, St. Louis Iron Mountain & Southern, Baltimore & Ohio Southwestern, Missouri Pacific, Wabash, Pitts. Cin. Chic. & St. Louis RR., Chic. Rock Isl. & Pacific, St. Louis & San Fran., Chic. & Alton, Chic. Buri. & Quincy, Ill. Cent., Southern Ry., Mo. Kan. & Tex. and St. Louis Southwestern. V. 75, p. 1355; V. 76, p. 103. These companies agreed under contract to use the property forever and pay as tolls the interest, taxes, rentals and other charges, each line to contribute its proportion to the extent of one-fifteenth to make up any deficiency from unforeseen circumstances. See V. 79, p. 499. See also St. Louis Merchants' Bridge Terminal RR. Government suit, V. 88, p. 1374; V. 90, p. 373; V. 91, p. 39.

In the litigation between the western lines of the Terminal Railroad Association and the eastern lines over the "bridge arbitrary," Judges of the Circuit Court of Appeals, en banc as District Judges, on Feb. 8 1923 handed down a final decree which declared that the Terminal and the eastern subsidiary companies had been in contempt of Court since 1914, and ordered the defendants to rebate to the western lines alleged unfair through freight charges which they declared had been charged against them, to the advantage of the Terminal Association and the eastern lines. Compare V. 116, p. 1178. Appeal granted, V. 116, p. 1412. Appeal heard and decided Oct. 13 1924 by the Supreme Court of the United States, reversing the decree of the District Court entered Feb. 8 1923, and holding that the making of rates and the division of joint rates is a legislative, and not a judicial, function, and that the controversy was referable to the I.-S. C. Commission. Feb. 4 1925 the West Side Lines filed a complaint with the I.-S. C. Commission and against the East Side Lines, asking for division and reparation. In this proceeding no complaint is made against the Terminal Railroad Association charges.

The I.-S. C. Commission has placed a tentative valuation of $68,170,227 on the total owned, and $65,083,616 on the total used properties of the company, as of June 30 1916.

The Texas & Pacific Ry. Co. and the Missouri Pacific RR. Co. each owns one-half of the $2,000,000 stock of the Texas Pacific-Missouri Pacific Terminal RR. of New Orleans (formerly Trans-Mississippi Terminal Co.) and guarantee an issue of 1st mtge. 5½% gold bonds, Series "A"—see that company below.

The I.-S. C. Commission on Dec. 21 1926 authorized the acquisition by the company of control of Cisco & Northeastern Ry., by purchase of its capital stock. V. 124, p. 232.

On July 6 1927, the I.-S. C. Commission approved the acquisition by the company of control of the Pecos Valley Southern Ry. Co., by purchase of its capital stock. V. 125, p. 512.

ORGANIZATION.—In 1888 reorganized (V. 43, p. 164; V. 45, p. 401) without having foreclosure sale confirmed, thus preserving Federal charter.

In Oct. 1916 receivers were again appointed and on Dec. 31 1923 the stockholders approved a plan for a readjustment of the road's finances, which was declared operative in May 1924. The plan did not disturb the capital stock but offered holders of the 2d mtge. income bonds 5% non-cumul. pref. stock on a par-for-par exchange basis. The plan also provided for the creation of an issue of new gen. & ref. mtge. bonds secured by a new mortgage subordinate only to prior mortgages of about $31,000,000 and subordinate as to equipment trust obligations outstanding at that time aggregating approximately $4,600,000.

STOCK.—The Missouri Pacific RR. Co. on Dec. 31 1926 owned $15,000,000 common stock, $23,703,000 preferred stock and $4,440,583 unsecured coupon serial 6% notes.

The pref. stock and the com. stock have equal voting power and no mtge. to secure add'l indebtedness shall be created (except the gen. & ref. mtge.) no obligations maturing more than two years after their date (except the notes described below, the Gen. & Ref. Mtge. bonds and equipment trust obligations) shall be issued, and no stock on a parity with, or having a priority, either as to dividends or assets, over the Pref. stock shall be issued without, in each such case, the consent of the holders of a majority of the outstanding Preferred stock.

DIVS.—Initial dividend on the 5% non-cum. pref. stock of $2 91 a share was paid Dec. 31 1924, covering the period from May 26 1924 to Dec. 31 '24. Dec. 31 1925 and Dec. 31 1926 paid 5% annually.

BONDS.—See 1888 mortgage abstracts, V. 47, p. 82; V. 78, p. 1448 The Weatherford Mineral Wells & Northwestern ($660,000 5s of 1902) are guaranteed, principal and interest, by endorsement. V. 78, p. 344. The $100,000 Denison & Pacific Suburban 5s are also guaranteed.

Louisiana Branch Lines mtg. is limited to $7,000,000. V. 72, p. 577, 1189

The $5,000,000 5s due Apr. 1 1942 of the Union Terminal Co., Dallas Tex., are guaranteed jointly with seven other proprietary companies.

General and Ref. Mtge Bonds.—Series B bonds will be red. as a whole but not a part thereof, at the option of the company, upon not less than 60 days' previous notice, on April 1 1932, or on any int. date thereafter up to and including April 1 1972 at 105% and accrued int. and thereafter on any int. date, at a premium, equal to ½% for each six months between the redemption date and the date of maturity. Authorized issue not to exceed 1½ times the par amount of the capital stock from time to time issued. The mortgage securing these bonds shall be a lien, subject only to such of the existing liens as are not displaced upon all the railroads, property and franchises, and subject to existing equipment trusts, upon all equip. now owned. The lien of the mortgage shall also extend (subject to prior liens) to all properties hereafter acquired by the use of the new Gen. & Ref. Mtge. bonds or their proceeds. Such lien shall be in the form of a direct mortgage, but it may take the form of the pledge or assignment of securities of a corporation or corporations owning property to which the lien is intended to extend.

General & Ref. Mtge. bonds may be issued in separate series, maturing on the same or different dates, and bearing the same or different rates of interest, and any series may be made redeemable, in whole or in part, at times, on notice and at premiums, and may have such conversion privileges and other provisions as determined by the directors.

ORGANIZATION.—Incorporated in Indiana Oct. 22 1915 as successor of Wabash RR. (foreclosed) under First Ref. & Extension Mortgage, and reorganized per plan in V. 100, p. 1599, 1594; V. 101, p. 1975. The plan reduced the fixed charges from $5,795,278 to $3,183,915, besides eliminating guaranties and unsecured obligations.—V. 108, p. 270, 1927; V. 109, p. 2074, 2173; V. 110, p. 1090.

The I.-S. C. Commission on Nov. 2 1925 approved the acquisition by the company of control of the Ann Arbor RR. by purchase of its capital stock (95.8220% acquired as of Dec. 31 1926).—V. 121, p. 2400; V. 122, p. 607.

STOCK.—The pref. shares A and B are respectively pref., prin. and divs (non-cumulative) and are callable at 110. The A shares are entitled, after payment in any year of 5% on all stock (com. and pref.), to participate in any further dividend for that year at the same rate as declared on common stock (above said 5%). Of the authorized common and convertible preferred, $3,750,000 and $1,250 000 respectively were issuable from time to time on account of unsecured creditors' claims against old co. The pref. and common are issuable as needed for conversion of pref. B and on Aug. 31 1926 the amounts outstanding had been increased chiefly in this manner from the totals issued at reorganization in 1915, namely $43,540,000 and $46,200,000, respectively, to the amounts shown in table at top of page. V. 108, p. 1929; V. 107, p. 182; V. 101, p. 2072, 1599; V. 102, p. 1812.

The holders of the convertible pref. stock may at any time after Aug. 1 1918, and up to 30 days prior to any date fixed for the redemption of the entire issue of said profit sharing pref. stock A, convert the same into and exchange the same for profit-sharing pref. stock and com. stock at the rate of $50 of profit-sharing pref. stock and $50 of com. stock for each $100 of convertible pref. stock, with adjustment of unpaid dividends.

DIVIDENDS.—No. 1 on pref. "A" stock Jan. 29 1917, 1%; April, July and Oct., 1%; 1918, Jan. and April, 1%; then none until May 25 1925, when 1¼% was paid; same amount paid quar. to Aug. 25, 1927.

BONDS, &c.—The plan of 1915 left it to the new co., after reorganization, to provide, by a first & ref. mtge., or otherwise, for refunding the underlying bonds at maturity and for future capital requirements.

The stockholders on Dec. 29 1924 approved and authorized the creation of a ref. & gen. mortgage, the aggregate principal amount of which at any one time outstanding, together with all prior obligations as defined in the mortgage or deed of trust securing the ref. & gen. mtge. bonds, shall be limited to 1½ times the aggregate par value of the then outstanding capital stock, determined as provided in the mortgage. The lines of railroad covered by the mortgage comprise about 2,041 miles of first main track, 339 miles of second main track and 963 miles of other track, on various parts of which the ref. & gen. mtge. is subject to prior obligations issued and outstanding on Dec. 31 1926, in the aggregate principal amount of $68,443,526, for the retirement of which at or before maturity ref. & gen. mtge. bonds are reserved. None of the prior obligations may be renewed or extended and no further issues made under the indentures securing them, except that $5,936,311 principal amount of additional bonds may be issued under Wabash RR. 1st lien terminal gold 4% trust indenture dated Jan. 1 1904, for the acquisition of additional terminal properties. Ref. & gen. mtge. bonds are reserved for the retirement of any such additional terminal bonds which may be so issued. The $12,500,000 Series "A" gold bonds are not red. before March 1 1935. The entire series, but not part thereof, will be red. on Mar. 1 1935, or on any int. date thereafter at 105 and int. upon not less than 60 days' previous notice. V. 120, p. 700. In 1917 these coal properties were merged. V. 105 p. 1421, 717.

(c) The lease to the Davis Coal & Coke Co. for 99 years of all the railway's coal mining properties and the transfer of the reserve coal lands to the Monongalia Coal Lands Co., this measure, with the distribution of their stock, removing danger of legal complications owing to ownership of coal properties by the railway. Readjustment Plan.

The stockholders on June 2 1925 approved a plan of readjustment of capitalization, dated May 12 1925, which provided, among other things, for the payment of accumulated dividends on the 6% preferred stock and the issuance of 24,670 additional common shares.

The company offered: (1) To the holders of the outstanding 30,000 shares of 6% cum. pref. stock an opportunity to exchange their shares with all claims for dividends accrued and unpaid thereon on a basis of 1¼ shares of cum. prior pref. stock for each share of 6% pref. stock surrendered.

Warrants for subscription to shares of common stock were issued to stockholders of record June 4, entitling such holders, whether pref. or common, to subscribe for 2-15 of a share of common stock for each share (whether common or pref.) held.

The proceeds of sale of 24,670 shares of additional common stock were used by the company for the payment of its bank indebtedness and of its 6% 5-year notes outstanding. V. 120, p. 2945, 3067; V. 121, p. 710.

***Plan.*—The stockholders on March 4 1925 approved a capital readjustment plan, which provided as follows:**

(1) That 35,000 shares of the unissued pref. stock be changed and reclassified into 35,000 shares of 8% cumul. prior preference stock (par $100 each).

(2) That the authorized capital stock be decreased from $35,000,000, consisting of 175,000 shares of pref. stock, par $100 each, and 175,000 shares of common stock, par $100 each, to $25,000,000, to consist of 35,000 shares of 8% cumul. prior preference stock, par $100 each, 100,000 shares of pref. stock, par $100 each, and 115,000 shares of common stock, par $100 each In 1927 the company changed the par value of its common stock from $100 to no par, and exchanged one share of new no par value stock for one share of old $100 par value stock. V. 125, p. 2268.

(3) That the decrease of the capital stock of the company be effected by (*a*) cancelling and extinguishing 10,000 shares of the unissued pref. stock, being all of the auth. pref. stock not heretofore issued, remaining after changing and re-classifying 35,000 shares thereof into 8% cumul. prior preference stock; (*b*) purchasing for retirement at not above par, and retiring, 30,000 shares of the outstanding pref. stock; (*c*) cancelling and extinguishing 60,000 shares of the unissued common stock, being all of the authorized common stock not heretofore issued.

(4) That the directors be authorized to purchase from time to time for the company, for retirement, at not above par, the 30,000 shares of pref. stock above referred to, by any one or more of the following methods, as in the discretion of the board may seem advisable: (*a*) pro rata from each holder of shares of said stock; (*b*) from pref. stockholders offering said stock to the co. at the lowest prices up to a total of not exceeding 30,000 shares, or any part thereof, all of said stockholders to be given equal opportunity to submit offerings; (*c*) in the open market; (*d*) by direct purchase at private sale.

All accumulated and accrued unpaid divs., and the right to receive the same, on any of such shares of the outstanding pref. stock so as aforesaid purchased for retirement by the co. to be surrendered and extinguished. The outstanding preferred stock had in this manner been reduced to $11,048,300 in Dec. 1925.

(5) That the directors be authorized from time to time to issue shares of 8% cumul. prior preference stock up to 35,000 shares, for cash at not less than par, or in exchange for shares of outstanding pref. stock, share for share, or upon any other basis of exchange which to the board may seem advisable with such adjustments of divs. as shall be determined by the board, or to sell the stock or any part thereof and with the proceeds of such sale to purchase shares of outstanding pref. stock for the company, for retirement, at not above par, provided that for each share of said 8% cumul. prior preference stock issued at least one share of outstanding pref. stock shall be purchased, or acquired, by the company, so that at no time shall there be issued and outstanding more than a total of 100,000 shares in the aggregate of both classes of 8% cumul. prior preference stock and pref. stock.

STOCK.—The shareholders voted Jan. 7 1918 to change 500,000 of the 597,576 shares of unissued common stock into "common shares Class B," having the same rights to dividends and upon liquidation as any other shares of common stock, but without any voting rights. On Sept 15 1920 stockholders voted to increase the authorized amount of Common "B" stock from $50,000,000 to $100,000,000. V. 111, p. 1185. See under "Dividends" below.

The stockholders on Nov. 6 1924 voted to change the authorized common stock from 500,000 shares of $100 par to 1,000,000 shares of $50 par, and the authorized 1,000,000 shares of common "B" of $100 par to 2,000,000 shares of $50 par value. Two shares of the new $50 par value stock were issued in exchange for each share of $100 par value stock held.

The stockholders also voted to change the rights of the holders of the preferred stock so as to give them two votes for each share held instead of one vote.

DIVIDENDS.—On common stock since "disintegration" of 1911-1912.

In 1914 paid, Mar. June and Dec., 5% in cash; Sept. 1914, 5% in 6% scrip, paid off Sept. 1 1915. Also Sept. 1912 $20 per share from sale of certain securities under the disintegration plan, and 2.986% in Amer. Machine & Foundry Co. stock, and in March 1913 a similar cash distribution of $15 per share. V. 95, p. 362, 620; V. 96, p. 421. On April 20 1914 a distribution was made in restricted B deferred ordinary shares of Imperial Tob. Co. equaling about 215-240, or about 9-10 of a £1 share. V. 98, p. 841.

The directors in Jan. 1918 decided that for a period the dividends upon the common stock should be paid in scrip, bearing interest at rate of 8% per ann., int. payable M. & S. and maturing in 3 years from Mar. 1 1918 and redeemable at maturity in cash or common stock "B" at par. Cash option eliminated beginning March 1 1919. Option to exchange for stock was extended from March 1 1921. Accordingly paid each quarter 5% in scrip March 1 1918 to June 1919.

The stockholders on May 6 1920 approved the plan of the directors for a 75% stock dividend on common and common stock "B" by the distribution of authorized but unissued common stock "B" on Aug. 1 1920. The plan carried with it the redemption of the outstanding scrip in exchange for stock in order that scrip holders may participate in the stock dividend. Compare V. 110, p. 1644. On Sept. 1 and Dec. 1 1920 and Mar. 1 1921 paid 3% each on common and common "B" stock, payable in 8% scrip which was exchanged for common "B" stock on March 1 1923. ARMOUR AND CO. (OF ILLINOIS).—ORGANIZATION.—Incorp. in Illinois April 14 1900. Owns plants in Chicago, Kansas City, South Omaha, East St. Louis, South St. Paul, Minn., Huron, So. Dak., Fargo, No. Dak., warehouses, refrigerating stations, tanneries, &c., &c. See applications to list, V. 90, p. 370, and V. 95, p. 546; V. 98, p. 1002. In Dec. 1923 purchased the soap plant in New York formerly owned by B. T. Babbitt Co. V. 117, p. 2893.

The consent decree of Feb. 27 1920, by which the Big Five packers of Chicago, Armour & Co., Swift & Co., Morris & Co., Cudahy Packing Co. and Wilson & Co., Inc., were directed to divest themselves of all holdings but the meat business under a threat of prosecution under the anti-trust laws, was suspended indefinitely April 23 1925 by Justice Bailey in the District of Columbia Supreme Court on motion of the California Co-operative Canneries. Compare V. 120, p. 2151, 2272; V. 121, p. 463.

The Department of Justice in Sept. 1926 filed a brief in the District of Columbia Court of Appeals, defending the validity of the consent decree of Feb. 27 1920. V. 123, p. 1636.

The Court of Appeals of the District of Columbia, taking the position that appeal rightfully should have been made to the U. S. Supreme Court, in Jan. 1927 dismissed the petition of Swift & Co. and Armour & Co.

Holding demands of the Government as being unreasonable, Judge Samuel Alschuler of the U. S. Court of Appeals at Chicago on Oct. 27 1926 ruled that the United States has no right to examine and make copies of books of Chicago packing companies.

Basing their action on the Packers and Stockyards Act of 1921, Government attorneys contended that the Act gave the Secretary of Agriculture the right to examine and copy all books and documents of the packers, alleging that such information was essential for the use of Congress and as data for possible investigations of the packing industry.

In giving his decision, Judge Alschuler ordered that mandamus proceedings instituted by the U. S. Atty.-Gen., and previously upheld by Judge Adam C. Cliffe of the U. S. District Court, be dismissed. The Government, it is expected, will appeal from the decision.

On Jan. 14 1920 announcement was made of the formation of the Armour Leather Co., which would take over the leather and tanning properties of Armour & Co. Preferred stockholders of Armour & Co. of record Feb. 2 1920 were offered the right to subscribe to the stock of the leather company V. 110, p. 263. In July 1926 the Armour Leather Co. and the Sylva Tanning Co., a subsidiary, were consolidated under the name of J. K. Mosser Leather Corp. V. 123, p. 209.

Armour & Co. of Delaware was organized in Dec. 1922 to acquire certain of the company's properties and assets. The entire common stock is owned by Armour & Co. (of Illinois). Proceeds of the issue of $50,000,000 1st mtge. 20-year 5½% guar. gold bonds, Series A, and of $60,000,000 7% guar. pref. stock of the Delaware company were received by Armour & Co. of Ill. and used by it for the retirement of its $59,968,000 7% 10-year conv. gold notes and its $3,697,200 6% serial conv. gold debentures, for the reduction of its floating debt and for its other corporate purposes. STOCK.—In Sept. 1922 amendments to certificate of incorporation provided for creation of a new class of 7% Cumul. Pref. stock, of which $77,000,000 was authorized and issuable for following purposes and in following amounts so long as required for such purposes:

(1) $34,500,000 in exchange for existing 8% Cumul. Conv. Pref. stock;
(2) $15,000,000 in exchange for existing 7% Non-Cumul. Pref. stock;
(3) $12,500,000 in payment for the Lackawanna properties; and
(4) $15,000,000 for sale.

At the same time the holders of the existing 8% Cumul. Conv. Pref. stock were given the right, after Jan. 1 1923, and until termination by the board of directors to exchange such stock for new 7% Cumul. Pref. stock. The basis of said exchange prior to March 4 1926 was $115, and thereafter $110. par value of 7% cumu. pref. stock for each share of 8% cum. conv. pref. stock. All of the outstanding 8% pref. stock was called for retirement on July 1 1926 at 115 and divs.

At the same time the holders of the 7% Non-Cumul. Pref. stock were given the right to exchange such stock after Oct. 1 1922, and prior to Jan. 1 1923, subject to extension by the board, for new 7% cum. pref. stock on the basis of share for share. The 7% non-cum. pref. stock has been retired, substantially all of it having been exchanged.

The certificate of incorporation of the corporation as last amended Sept. 1922, provided that after 80% of the 7% Non-Cumul. Pref. stock shall have

been exchanged for Cumul. Pref. stock or otherwise retired Class B Com. stock shall be in all respects the same as the Com. stock and shall cease to exist as a separate class of stock. Pursuant to such provision, on April 4 1923 the Class B common stock became in all respects the same as the common stock and ceased to exist as a separate class of stock.

The stockholders on April 6 1926 increased the authorized 7% preferred stock from $77,000,000 to $100,000,000.

(par $100), and 2,100,000 shares common (including 500,000 shares reserved for conversion of pref. stock and sufficient shares for conversion of 7% debenture bonds; see below), no par. Pref. is redeemable at 120 and int. and is preferred as to assets and dividends. Convertible into common, share for share, at any time, at option of holder. V. 103, p. 64, 794.

BONDS, &c.—The $25,000,000 10-year 7% debentures (offered in Jan. 1920 at 100 & int.) are convertible at any time into common stock at $45.8823 per share. Redeemable on 60 days' notice at 107½ during the first 5 years, 105 during the sixth year, 104 during the seventh year, 103 during the

eighth year, 102 during the ninth year, and 101 thereafter. No mortgage may be created while any of these debentures are outstanding except purchase money mortgages. V. 109, p. 2174; V. 110, p. 363.

In Sept. 1921 the company announced that it had arranged with a group of bankers to secure at once a loan of $10,000,000 under an arrangement which required the subordination of the $25,000,000 7% Convertible Debentures to the new money for the period of the loan and of any renewals substitutions or refundings thereof. As a consideration therefor, the company offered to increase the rate of interest on assenting debentures from 7 to 8% per annum from July 1 1921 to the maturity of the debentures. The plan was declared operative on Oct. 31 1921. On Sept. 29 1923 it was announced that the loan had been paid off and the subordination of the 8% debentures had been terminated. The 8% debentures therefore now enjoy the same position in point of security as the 7% debentures, but they will continue until maturity (Jan. 1 1930) to bear interest at the rate of 8% per ann. instead of 7%. V. 113, p. 1475, 1986; V. 115, p. 2682; V. 117, p. 1560.

The Eastern Cuba Sugar Corp. 7½% mortgage bonds are guaranteed, prin. and int., by Cuba Cane Sugar Corp. and are exchangeable for the life of the bonds into Cuba Cane Sugar Corp. common stock at $20 per share. Sinking fund will retire annually for five years, beginning in 1925, 3%, and thereafter annually 5% of the maximum amount of bonds at any one time outstanding; redeemable at any time after one year, all or part, on 60 days' notice at a premium of 7½% if redeemed on or before Sept. 1 1924; if redeemed thereafter and on or before Sept. 1 1934, the premium shall decrease ¼ of 1% for each year or fraction thereof elapsed from Sept. 1 1924 to date of redemption; if redeemed after Sept. 1 1934 the premium shall decrease 1% for each year or fraction thereof elapsed from Sept. 1 1934 to date of redemption. EASTMAN KODAK CO.—ORGANIZATION.—Incorp. in New Jersey Oct. 24 1901 as an amalgamation per plan in V. 73, p. 1114, of various operating companies, of which it owns practically all the stock. See list, V. 67, p. 1160, 1207; V. 69, p. 387; V. 75, p. 735, 613; V. 77, p. 253, 300; V. 89, p. 1225; application to list, V. 80, p. 1477; V. 93, p. 1728; V. 97, p. 731; V. 98, p. 1540. Also owns a one-third interest in American Anode, Inc., organized in Oct. 1926. V. 123, p. 2523.

By a Consent Decree entered Feb. 1 1921, in a suit brought by the Government several years previously under the anti-trust laws, the company was required to sell its Premo and Century-Folmer & Schwing lines, and also certain brands of dry plates and photographic papers. The plates and paper interests were sold to the Defender Photo Supply company, of Rochester, N. Y., in 1924. In June 1926, the company sold to Folmer-Graflex Corporation the Century-Folmer & Schwing lines, together with the land and buildings used to manufacture the same, and also its Premo line of cameras. By a modification of the decree granted by the court in May, 1926, the Premo real property was omitted from list of properties required to be sold, so that the company has now fully complied with the requirements of the decree.

In 1927 the U. S. Supreme Court upheld the lower courts, in deciding that the company had violated no law in acquiring three laboratories equipped to produce moving picture films. The Federal Trade Commission had sought to compel company to dispose of the laboratories. V. 125, p. 394.

Readjustment Plan (V. 122, p. 1032).

The directors in Feb. 1926 submitted to the stockholders a plan of readjustment of the company's affairs outlined as follows:

New Company.—It is proposed that a new company be organized under the name of Emerson-Brantingham Corp. in Illinois. All of the assets of the present company are to be transferred to the new corporation which will assume all of the obligations of the present company.

STOCKS AND BONDS—	Rate of Int.	Outstanding.	Bds. when Due.
Stocks—Class B 20,000 shs (text) (no par)	----	20,000 shs	----------

Bonds—5-yr debenture notes	5 Int. at ----------	$5,000,000	Nov. 1 1931

Exchange of Stock.—Holders of preferred stock of present company are to receive one share of class A stock of new company in exchange for each share of pref. stock which they hold. Common stockholders of present company are to receive one share of class B stock of new company in exchange for each 5 shares of common stock they own in present company.

Stock for Employees.—A portion of the class A stock shall be set aside for the benefit of employees participating in the management of the company, to be distributed among them in such manner and at such prices as may be determined by the directors, in the event of the company showing satisfactory earnings. None of the stock reserved for employees participating in the management of the company shall be distributed until 25% of the original issue of debentures (mentioned below) shall have been retired.

To Offer Additional Stock.—After this exchange, a part of the excess class A stock remaining in the treasury of new company shall be later either offered to preferred stockholders at such price as may be deemed fair and adequate by the directors, or otherwise disposed of, for the purpose of acquiring additional working capital.

Bank and Creditors to Convert Indebtedness.—In the event that the plan is consummated with the practically unanimous consent of the stockholders, the banks and the larger creditors have agreed to convert the indebtedness owing by the company to them as of Oct. 31 1925, into 5% 5-year debenture notes. The banks have further consented to make such additional loans as may from time to time be agreed upon as necessary in the conduct of the business, provided, of course, the company is making satisfactory progress. The indenture securing the debenture notes shall contain among others, the following provisions:

(a) Each year an annual audit is to be made by competent accountants. If such audit reveals a loss from operations, after all proper charges including the usual reserves in accordance with the practice of the leading companies in the industry, as of much as $400,000 in any one year, or losses aggregating $750,000 or more in any three consecutive years, or if any such audit shall show that the company's net quick assets do not equal at least 75% of the then outstanding obligations, upon request of the holders of 50% of the then outstanding debenture notes, the trustees shall declare the entire issue in default and proceed to exercise all rights given the trustee under the indenture in the event of any default on the part of the company. (b) No mortgage or prior lien shall be placed on any of the company's assets, nor shall any sale of the Rockford or Batavia plants be had without first obtaining the written consent thereto of the holders of a majority in amount of the debentures remaining outstanding. (c) No dividends shall be paid to either A or B stockholders until the indebtedness evidenced by the debenture notes is reduced to $2,500,000; and then only on consent of the holders of a majority of the debentures remaining outstanding. (d) Debenture notes may be retired at par and int. at any time before maturity.

[It was officially reported in Feb. 1927 that the pref. and com. stocks of the Emerson-Brantingham Co. had largely been exchanged for the new class A and class B shares of the new corporation. All the indebtedness except current has been changed from bills payable to 5-year deb. notes.]

It was announced in June 1926 that the plan had been approved by over 75% of the stockholders. A deposit agreement, dated May 10 1926 has been prepared, whereunder Charles W. Folds, Chairman, Charles S. Brantingham, Albert T. Jackson, James L. Martin, and Cecil F. Sanders, Sec., have been constituted a committee to carry out the plan of readjustment.

The National Park Bank, New York and the First Trust & Savings Bank, Chicago, have been appointed depositaries under the deposit agreement to accept deposits of stock.

FIAT (Turin, Italy).—Fiat was constituted as a societa anonima (corporation) according to Italian law, March 8 1906, as successor to Societa Anonima Fabbrica Italiana di Automobili (Torino), which latter company was founded in 1899. It takes its title (Fiat) from the initial letters of its former name. Company is one of the largest manufacturers of automobiles in Europe, and one of the foremost manufacturers of Diesel engines in the world. It has ten manufacturing divisions engaged in the production of passenger automobiles, automobile bodies, common and special steels, forgings, castings, spare parts, tractors, various types of internal combustion engines, including Diesel and semi-Diesel types, railway rolling stock and material, aviation engines and aeroplanes. In addition, the company has subsidiary and associated companies which manufacture motor trucks, supply and manufacture raw and semi-finished materials and accessories, supply hydro-electric power, operate motor services in Italy, and facilitate installment purchases of automobiles. The company's chief manufacturing plant is the Lingotto Works at Turin, Italy.

CAPITAL STOCK AND DIVIDENDS.—The stock capitalization of the company consists of 2,000,000 shares of 200 lire par value each, of which 1,000,000 shares are fully paid. In 1924 shareholders were granted the right to subscribe to 1,000,000 shares at par, or 200 lire each, thus bringing the stock capitalization to the present outstanding amount. 70% of the new share capital was paid for in installments during 1924 and 1925, and the remaining 30% is subject to call. The new shares participate in dividends from Jan. 1 1926. Divs. paid in recent years have been: 1922, 7½%; 1923, 10%; 1924, 11¼%; 1925, 15%; 1926, 15%.

Stock Purchase Warrants.—Each $1,000 bond will carry a detachable stock purchase warrant entitling the holder to purchase 40 shares, and each $500 bond 20 shares of the present outstanding fully paid capital stock (par 200 lire each) at $25 a share. All rights under the warrants will expire on July 1 1931. The company will cause 400,000 shares of the company's now outstanding fully paid stock to be deposited by important shareholdering interests under a deposit agreement with the Credito Italiano, Milan, Italy, which, upon the exercise of rights under any warrants, will deliver the appropriate number of share certificates. Warrants may be surrendered and the required payment made at the office of J. P. Morgan & Co. in N. Y City. This deposit agreement contains appropriate provisions protecting the interests of the holders of the warrants in case of a change in the par value of the stock, in case of the issuance of additional shares of stock as a stock dividend, and in case of the issuance of additional shares for a consideration in cash or property less than the then existing purchase price per share.

Canadian, Cuban and Western subsidiaries, V. 124, p. 1517.

Pres. Harvey S. Firestone, under date of Dec. 15 1926, wrote as follows: "We are continuing our efforts to have rubber grown under American control and feel we are making fine progress. Two of our directors left for the Far East last January [1926] with engineers and other men experienced in rubber growing. They spent six months in studying the rubber growing conditions in British Malaya and the Dutch East Indies; also investigated the comparative practicability of growing rubber in the southern islands of the Philippines, providing proper legislation could be secured which would encourage and protect large capital investments. They then went to Liberia to lay plans for the development of the 1,000,000 acres secured under a 99-year lease. This lease has just been ratified by the Liberian Legislature and we are awaiting the return of these directors for their report.

V. 107, p. 85.

Red. at 105, on 30 days' notice, either as a whole, on any interest date after July 15 1929, or by lot, through the operation of the sinking fund, on any nterest date after Jan. 15 1930.

Sinking Fund.—As a sinking fund for the redemption of the debentures, the company agrees to pay over to the trustee the sum of $360,150 on or before June 1 1930, and the sum of $349,650 on or before each succeeding Dec. 1 and June 1, so long as any of the debentures remain outstanding. The sums so received shall be applied by the trustee, on the respective interest dates next following the receipt thereof, to the redemption by lot, at 105, of $343,000 of debentures on July 15 1930, and $333,000 principal amount thereof on each subsequent interest date. The trust agreement will provide that any debentures which shall not have been redeemed by the sinking fund or otherwise retired prior to maturity on Jan. 15 1945 will be paid on that date at 105.

Security.—Debentures will be the direct credit obligations of the company which will covenant in the trust agreement securing the debentures, that so long as any of the debentures remain outstanding and unpaid, the company will not execute any mortgage upon or make any pledge of any part of its properties and assets either real or personal, unless such mortgage or agreement of pledge shall provide for the security of these debentures either equally and ratably with the bonds, notes or other obligations or liabilities, of whatsoever character, which are to be secured by such mortgage or pledge, or, at the option of the company, in priority thereto.

Except for the charge or lien in favor of the so-called "Dawes debentures," the capital amount of which has now been fixed at the equivalent of $7,732,620, the only outstanding liens on any of the company's properties are small mortgages to the extent of only $95,282. Company will also covenant in the trust agreement not to take advantage of the provision of the German law, under which the "Dawes debentures" have been created, to register an owner's mortgage in its own name to the extent that it may at any time have redeemed or repaid such debentures.

The trust agreement will further provide that the company will not pay any cash dividends on its capital stock subsequent to Sept. 30 1924 except out of net earnings.

6½% Gold Debentures.—The National City Co. in Dec. 1925 sold at 94 and int. $10,000,000 15-year 6½% gold sinking fund debentures, carrying certain stock purchase rights which may be availed of at the option of the respective holders of such rights, at any time up to and incl. Dec. 1 1930.

Dated Dec. 1 1925, due Dec. 1 1940. Int. payable J. & D. Denom. $1,000c*. Principal, interest and sinking fund payable in N. Y. City in U. S. gold coin of the present standard of weight and fineness at National City Bank, New York, trustee, without deduction for any past, present or future taxes or duties levied by or within the German Reich. Red. on any int. date, beginning June 1 1931, but not prior thereto, on 30 days' notice, either as a whole, or in part for sinking fund, at 102½ up to and incl. Dec. 1 1935, the premium declining ½% each subsequent year to par in the year 1940.

Stock Purchase Rights.—Each debenture will carry a stock purchase right evidenced by an appropriate warrant, or otherwise, entitling the holder to purchase shares of the common stock of the AEG of the par value of 100 reichsmarks (about $23 80 at par of exchange) each, evidenced by certificates in bearer form, carrying unmatured annual dividend coupons. The number and price of shares covered by each warrant will be determined as follows: First 2,360 warrants presented will each call for 18 shares at $24 a share (100.8%); next 2,150 warrants presented will each call for 18 shares at $26 50 a share ($111.3%); next 1,940 warrants presented will each call for 18 shares at $29 a share (121.8%); next 1,800 warrants presented will each call for 18 shares at $31 50 a share (132.4%); last 1,750 warrants presented will each call for 17 shares at $34 a share (142.9%).

The requisite number of shares will be deposited with National City Bank, New York, which, upon exercise of any right, will deliver the appropriate number of share certificates, or, if the right be exercised prior to Dec. 1 1928, a trust receipt exchangeable for such shares on and after that date, or, at the option of the AEG, prior thereto. The purchase rights will expire if not exercised on or before Dec. 1 1930. The right may be exercised by the payment of cash, but in lieu of cash, debentures of the present issue will be accepted at face value, plus int. to an amount no greater than the aggregate purchase price of the shares. Substantially all the cash realized from the sale of shares will be applied to the purchase of debentures, if obtainable at prices not exceeding 100% and int. within a reasonable time (not less than six or more than 12 months) after receipt. If not so used, such cash reverts to the AEG.

Sinking Fund & Redemption.—A sinking fund will be provided which will redeem all the debentures outstanding on Dec. 1 1930, in substantially equal semi-annual installments during the following ten years. On any int. date beginning June 1 1931, but not prior thereto, the outstanding debentures may be redeemed either as a whole or in part for the sinking fund at 102½ up to and incl. Dec. 1 1935, the premium declining one-half point each subsequent year to par in the year 1940.

EARNINGS.—For the five years ending June 30 1914 the net earnings available for dividends after deducting all interest, tax and depreciation charges, were as follows:

1910.	1911.	1912.	1913.	1914.

It succeeded to the soap and washing powder business (the manufacture and sale of Gold Dust, Fairy Soap, Sunny Monday Soap and like products) formerly carried on by The N. K. This merger effected the transfer to Gold Dust Corp. of the deposited stock of American Cotton Oil Co., consisting of over 93% of each class. The capital of Gold Dust Corp. continued the same. $1,000,000 of its pref. stock were reissued to American Cotton Oil Co. and $4,000,000 pref. and approximately 50,000 shares of its com. stock to N. K. Fairbank Co. Arrangements were made for the exchange of further stock of the American Cotton Oil Co. for stock of Gold Dust Corp., &c., in the above ratios.
